Memorandum of Understanding (MOU)
Between
The Housing Authority of the City of Everett (EHA)
And
The City of Everett (City)

This Choice Neighborhoods Initiative (“CNI”) Memorandum of Understanding (MOU) is entered into as of the 26th day of January, 2016, between the Housing Authority of the City of Everett (EHA) and the City of Everett (City), each individually referred to herein as “Party” and collectively referred to herein as the “Parties”. As identified by HUD in Funding Opportunity Number FR-5900-N-14, Choice Neighborhoods Planning Grants and Planning and Action Grants Program, the purpose of this MOU is to demonstrate a commitment by the Parties to work collaboratively throughout the entirety of the grant, and to identify which party will serve as Lead Applicant.

WHEREAS

- A. The United States Department of Housing and Urban Development (“HUD”) established the Choice Neighborhoods Initiative (“CNI”) program to support locally driven solutions for transforming distressed neighborhoods using place-based strategies to address the interconnected challenges of poor quality housing, inadequate schools, poor health, high crime and lack of capital. Choice Neighborhoods is HUD’s signature place-based initiative in support of the President’s goal to build Ladders of Opportunity to the middle class.
- B. The Parties are committed to revitalizing Everett’s Hawthorne neighborhood, a severely distressed community in north Everett, and pledge to work together in transparent and collaborative ways to the benefit of Hawthorne residents, the community, and the City at large.
- C. On or before February 9, 2016, EHA and the City are submitting an application (the “Application”) to HUD as Lead Applicant and Co-Applicant respectively for a CNI Planning Action Activities Grant (the “Grant”) in accordance with the FY2015/FY2016 Choice Neighborhoods program for Planning Grants and Action Grants. In accordance with CNI requirements, as Co-Applicant, the City will be jointly responsible with EHA, as Lead Applicant, for performance of the Grant.
- D. At the time of grant award, this MOU and any further clarifications by the Parties and/or HUD will be incorporated into the CNI Grant Agreement with HUD that will be acceptable to all parties.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing recitals and underlying promises, which the parties agree to be good and valuable consideration, and in compliance with the requirements of the NOFA, the Parties agree and certify as follows:

I. Commitments of EHA and the City

A) Commitment to the Transformation Plan and Implementation Schedule. EHA and the City each acknowledge and certify that they:

- i) Have reviewed the FY2015/FY2016 CNI Planning Grants NOFA;
- ii) Are fully committed to the goals and requirements of the NOFA, the Application, the requirements of the Grant, and this Agreement;
- iii) Will take all actions necessary to effectuate the requirements of the Grant, if awarded, in accordance with HUD requirements; and
- iv) Will participate in the program administration and the evaluation process as required by HUD.

B) Commitment to Work Collaboratively. EHA and the City acknowledge and certify their commitment to work collaboratively throughout the entirety of the Grant period and to work cooperatively toward the successful achievement of the Grant's goals and programs.

C) Incorporation of NOFA and Grant Agreement Requirements. The parties intend that this Agreement shall conform to and satisfy all requirements of the NOFA. In the event of any inconsistency between any NOFA requirement and the provisions of this Agreement, then this Agreement shall be construed to incorporate a provision satisfying such NOFA requirement(s). In addition, the parties agree to amend this Agreement to comply with the provisions of the HUD Grant Agreement, if necessary, should a Grant be awarded.

D) Planning Activities. The Parties will work collaboratively with stakeholders, residents and the community at large to meet the requirements of the grant including: 1) Conduct a household-level needs assessment of the public housing residents at the Baker Heights public housing development within the first 12 months of the grant. In addition, existing data will be evaluated to include ACS survey data, police reports, healthcare agency information, schools reports, research surveys and other documentation. 2) Carry out the relocation strategy for Baker Heights, the process for which is currently being developed through the Section 18 demolition application to HUD. 3) Conduct a market assessment of the neighborhood by an independent third party. 4) Identify the master developer that will implement the housing component of the Transformation Plan. 5) Complete a Phase I environmental assessment. 6) Submit the information received from State Historic Preservation Officer regarding potential for negative effects of the demolition of Baker Heights. 7) If awarded more than \$500,000, propose Action Activities, which are described in the next paragraph.

E) Action Activities. If awarded funding for Action Activities, the Parties will work collaboratively with stakeholders including resident and community organizations, to identify and implement Action Activities, in accordance with the CNI NOFA. Action Activity funds are flexible funds that must be responsive to the neighborhoods' needs. They must be used for physical, community, or economic development projects that enhance and accelerate the transformation of the neighborhood. The projects funded may also build community capacity and social cohesion through the way in which the projects are designed, led, and implemented. Action Activities funds are for physical improvements, and must not be used for non-physical uses, such as supportive services, staffing, and marketing. These funds must also not be used for basic infrastructure or as a substitute for basic municipal services. Additionally, funds must not be used for redevelopment of the public housing targeted in this application, including acquisition, relocation, demolition and remediation, rehabilitation, or construction of the targeted housing. These funds will be used for innovative solutions to neighborhood challenges and must be used for projects that can be completed within the three-year time frame. Uses of funds are limited to:

- a. Reclaiming and recycling vacant property into community gardens, pocket parks, farmers markets, or land banking (with maintenance);

B) Lead Applicant Responsibilities. EHA will be principally responsible for:

DETAILED SUMMARY STATEMENT:

In 2005, the City Council approved an amendment to the comprehensive plan land use map and a rezone for a specific multi-family building proposal on the east side of the 2600 Block of Rockefeller (see attached vicinity map). The property was rezoned to R-5 (Core Residential), and the City and applicant entered into a Development Agreement tied to the specific building design. The reason for the Development Agreement was that the Planning Commission and City Council did not feel that the multiple family development standards that existed at the time were well-suited for properties in the core residential area, and were geared for more suburban style developments.

In 2006, the City Council approved an amendment to the Development Agreement (attached) based on a change in the design of the proposed building. The building has never been built.

In 2008, the City Council adopted the Core Area Residential Standards that apply specifically to the neighborhoods surrounding the downtown. These standards are designed for the north Everett block and lot patterns. The Core Area standards are codified in Chapter 33G of the Zoning Code. The Planning Commission held a public hearing on January 5, 2016, and has recommended that the City Council authorize the Mayor to execute an agreement with RAL to terminate the development agreement.

RECOMMENDATION (Exact action requested of Council):

Adopt an Ordinance terminating the Amended Development Agreement with Rockefeller Avenue LLC for property on the east side of Rockefeller Avenue between 26th Street and Everett Avenue, amending Section 1-5 of Ordinance No. 2847-05.

Ordinance No. _____

An Ordinance terminating the Amended Development Agreement with Rockefeller Avenue LLC for property on the east side of Rockefeller Avenue between 26th Street and Everett Avenue, amending Section 1-5 of Ordinance No. 2847-05.

WHEREAS, the City Council finds the following:

1. Ordinance No. 2847-05 rezoned property located on the east side of Rockefeller Avenue between 26th Street and Everett Avenue from R-4 (Multiple Family High Density) to R-5 (Core Residential) with a development agreement between the City and Rockefeller Avenue LLC (RAL) allowing for the development of a building with 40 multiple-family dwelling units, subject to a number of conditions related to the design of the proposed structure in order to promote greater compatibility with the surrounding neighborhood;
2. The original development agreement was amended by the City Council with a revised building plan in 2006;
3. The property has not developed since the original rezone action and execution of the development agreement and the subsequent amended development agreement;
4. In 2008, the City Council adopted Ordinance No. 3072-08 establishing the Core Area Residential Standards for housing within the area surrounding downtown Everett, including the block in which the subject property is located;
5. The Core Area Residential Standards address site and building design standards for the entire area that better address design compatibility with the surrounding development than previous design regulations;
6. RAL has acquired additional contiguous property to include in a residential redevelopment proposal;
7. RAL wishes to change the design of the structure to a different configuration than required by the amended development agreement;
8. RAL wishes to design a building that meets the requirements of the 2008 Core Residential Area Standards and to void the Development Agreement;

And;

WHEREAS, the City Council concludes:

1. The building plan in the amended development agreement does not conform with the larger amount of land RAL has assembled in the subject block;
2. The Core Area Residential Standards have improved the quality of the City's design-related land use regulations in the subject area;

3. The revocation of the applicable development agreement for a portion of the property assembled by RAL is justified by:
 - a. the increased size of the ownership;
 - b. the improved design standards now applicable to the subject area and surrounding neighborhood;
4. the changes proposed to Ordinance No. 2847-05 and revocation of the amended development agreement:
 - a. are consistent with the applicable policies of the comprehensive plan;
 - b. bears a substantial relation to public health, safety or welfare; and
 - c. promotes the best long-term interests of the Everett community.

NOW, THEREFORE, THE CITY OF EVERETT DOES ORDAINS:

Meeting Minute Excerpts
Zlab Development Agreement
January 5, 2016

Item 2: Public Hearing: Consider termination of the Development Agreement between the City and Rockefeller Avenue LLC (Joe Zlab) for property located on the east side of the 2600 block of Rockefeller Avenue.

Allan Giffen, Planning Director, presented a vicinity map of the subject site. In 2005, a comprehensive plan amendment and rezone was approved which changed the zoning from R-4 to R-5 subject to a development agreement with a specific building plan. In 2006, an amended development agreement was approved. That development wasn't constructed. In 2008, the City adopted the Core Area Residential Design and Development Standards for the neighborhoods surrounding the downtown area.

Mr. Giffen stated that the applicant acquired more property after the development agreement was amended. The applicant is proposing to construct a different building than what was approved under the development agreement. The request is to terminate the development agreement and use the core area residential design and development standards that apply to the area.

Mr. Giffen presented a map of the area where the core area residential design standards apply. The development standards include a maximum building height of 65 feet, and address building setbacks, pedestrian and vehicular access, parking location, open space, building design, landscaping, screening, and fencing. Staff determined that the core area residential design and development standards were better than what was in the development agreement.

Commission Discussion

Commissioner Beck asked Mr. Giffen if the amended development agreement superseded the original agreement. Mr. Giffen responded that he would review with the City's Legal Department.

Commissioner Jordison asked what the FAR standard was for the core area. Mr. Giffen responded that there wasn't a Floor Area Ratio (FAR) standard that applied to the core residential area and that building bulk was governed by building height and setbacks, permitted density, and parking.

Commissioner Zelinski asked Mr. Giffen if any buildings had been constructed since the core area residential design and development standards were adopted. Mr. Giffen wasn't aware of any.

Commissioner Adams referred to Section 2.6 of the amended agreement which addressed Commissioner Beck's question on superseding the agreement which appeared to terminate the original agreement.

DETAILED SUMMARY STATEMENT:

In the 2015 legislative session, the State Legislature adopted legislation to combine the medical marijuana and recreational marijuana laws as they relate to retail establishments. As a result of this change, the State Liquor and Cannabis Board is proposing new regulations for retail marijuana stores and marijuana cooperatives, including the number of retail establishments that will be allowed in each city or county. Under the previous recreational marijuana rules, the State authorized up to five retail marijuana stores in Everett. Four stores are currently operating, and a fifth is in the permit process.

The City wants to take a measured approach before allowing any additional retail stores, and proposes a moratorium in order to study the potential effects of merging the medical cannabis and recreational marijuana systems as it relates to new retail stores including marijuana cooperatives in Everett. The moratorium is proposed for one year. The moratorium can be repealed sooner if the City adopts new regulations, or determines that no changes to existing regulations are necessary.

RECOMMENDATION (Exact action requested of Council) Adopt an Ordinance establishing a moratorium on the establishment of additional retail marijuana stores and marijuana cooperatives, and declaring an emergency to exist.

ORDINANCE NO. ____

An Ordinance establishing a moratorium on the establishment of additional retail marijuana stores and marijuana cooperatives, and declaring an emergency to exist

Whereas, the City Council finds the following:

1. State Initiative 502 (“I-502”), approved by Washington voters in November 2012, provides a framework for licensing and regulating the production, processing and retail sale of recreational marijuana.
2. In July 2015, the City adopted land use regulations based on available information at the time in order to provide policy and regulatory guidance and facilitate the review of recreational marijuana license applications within City limits.
3. The State Legislature enacted the Cannabis Patient Protection Act in 2015, establishing regulations for the formerly unregulated medical marijuana system and aligning it with the existing recreational system.
4. In response to changes in state law adopted in the last legislative session, the State Liquor and Cannabis Board has been working through its rulemaking process to establish the administrative procedures and standards for integration of medical marijuana into the existing recreational marijuana marketplace, and, as part of that process, the State is looking to expand the existing cap on retail marijuana stores in Everett at an earlier date than the City anticipated, promulgate other potential rule changes, and establish a new class of use, the marijuana cooperative.
5. The City’s existing regulations were adopted in response to I-502 and associated State rules regarding the recreational marijuana marketplace, and were not necessarily designed to address the subsequent changes made by the State regarding medical marijuana, including a potential significant increase in the number of stores allowed at an earlier date than anticipated, and the potential incorporation of new uses.
6. The State is, at this present time, processing applications for retail marijuana uses potentially in excess of the number previously approved, and there are concerns regarding the potential issuance of additional applications under the City’s existing regulations.
7. In order to preserve the City’s regulatory authority and the validity of its legislative process, it is necessary to put a temporary moratorium on the establishment of new marijuana retail uses and the establishment of marijuana cooperatives until a reevaluation process has been completed.

8. The proposed moratorium ordinance includes a work plan, as provided by RCW 36.70A.390, which allows for a one-year time frame for completion of the evaluation of the need for amendments to the existing recreational marijuana regulations.
9. On February 3, 2016, the City Council held a public hearing and considered this Ordinance. This Ordinance must take effect immediately to prevent the establishment of vested rights that could be incompatible with the plans, policies and regulations ultimately adopted. .

Whereas, the City Council concludes that:

1. The City does have the authority to establish interim regulations in the form of a moratorium; and
2. A moratorium with respect to the establishment of additional marijuana retail uses and marijuana cooperatives will allow the City to review the potential impacts of changes proposed by the Washington State Liquor and Cannabis Board related to integrating the Cannabis Patient Protection Act of 2015 with the recreational marijuana regulations enacted pursuant to Initiative 502.
3. The City must adopt a moratorium prohibiting additional retail marijuana businesses including marijuana cooperatives to: (a) to provide the City an opportunity to study the issues concerning the appropriate zoning or regulation of such businesses and prepare appropriate revisions to the City's regulations; and (b) to avoid these businesses establishing vested rights contrary to and inconsistent with any revision the City may make to its regulatory scheme as a result of the City's study of this matter;
4. RCW 36.70A.390 allows a local government to establish a moratorium to conduct planning studies to determine appropriate land use policies and regulations for areas under its jurisdiction.
5. RCW 36.70A.390 and the City of Everett Charter, Article III, authorize the City Council to enact a moratorium to preserve the integrity of the planning process. As such, an emergency exists and the moratorium must go into effect immediately.
6. The City seeks to establish a moratorium for twelve months to preclude the establishment of vested rights that could be incompatible with the plans, policies, and regulations that the City may adopt as a result of the planning process.
7. The City Council held a public hearing on the Ordinance on February 3, 2016.

NOW, THEREFORE, THE CITY OF EVERETT DOES ORDAIN:

Section 1: FINDINGS OF FACT. The “WHEREAS” provisions above shall constitute Findings of Fact and are incorporated by reference as if fully set forth herein.

Section 2: MORATORIUM ESTABLISHED. There is hereby declared a moratorium with respect to the establishment of recreational marijuana retail, production and processing uses and marijuana cooperatives. During the one year term of the moratorium, which begins on the effective date of this Ordinance, no application for a business license, or land use or building permit or approval will be accepted, processed or approved by the City. This includes, without limitation, all applications for permits or approvals that may be required by law before any property may be improved, developed, modified, or used, including any application for permit or approval required under EMC Title 15 or other City development regulations for any City land use permit, project permit or other permit. No new development rights shall vest during the term of the moratorium. This moratorium shall not affect existing legally established recreational marijuana retail stores, or any recreational marijuana retail store for which land use approval has been granted by the City as of the date of enactment of this ordinance. The term of the moratorium may be extended in accordance with RCW 36.70.A.390.

Section 3. EFFECTIVE IMMEDIATELY. It is necessary to pass this Ordinance as an emergency to prevent the establishment of vested rights that could be incompatible with the plans, policies, and regulations ultimately adopted by the City as a result of this Ordinance. This Ordinance, as a public emergency ordinance, is necessary for the protection of the public health, safety and welfare, and shall take effect immediately upon its becoming valid by Mayor’s signature in accordance with City of Everett Charter Section 3.4.

Section 4. WORK PLAN. The City shall develop a detailed work plan that shall include, at a minimum, the following:

- a. Evaluation of the changes proposed by the Washington State Liquor and Cannabis Board including the potential for additional marijuana stores and marijuana cooperatives being located in Everett;
- b. Evaluation of any crime-related data pertaining to existing recreational marijuana stores in Everett and other jurisdictions in Washington;
- c. Evaluation of data and information related to societal impacts concerning retail marijuana stores;
- d. Analysis of the number of additional retail stores and marijuana cooperatives that could be located in the City under the existing recreational marijuana land use regulations;
- e. Analysis of the number and location of existing and proposed marijuana retail stores in neighboring jurisdictions;
- f. Evaluation of the need for additional land use or other regulations related to retail marijuana stores and marijuana cooperatives.

Section 5. TERM. This moratorium will end one-year after the effective date of this Ordinance unless earlier repealed or renewed according to law.

Section 6. SEVERABILITY. Should any section, paragraph, clause or phrase of this Ordinance, or its application to any person or circumstance, be declared unconstitutional or otherwise invalid for any reason, or should any portion of this Ordinance be pre-empted by State or federal law or regulations, this shall not affect the validity of the remaining portions of this Ordinance or its application to other persons or circumstances.

Section 7. CONFLICT. In the event there is a conflict between the provisions of this Ordinance and any other City ordinance, the provisions of this Ordinance shall control.

Section 8. CORRECTIONS. The City Clerk and the codifiers of this Ordinance are authorized to make necessary corrections to this Ordinance including, but not limited to, the correction of scrivener's/clerical errors, references, ordinance numbering, section/subsection number and any references thereto.

Section 9. GENERAL DUTY. It is expressly the purpose of this Ordinance to provide for and promote the health, safety and welfare of the general public and not to create or otherwise establish or designate any particular class or group of persons who will or should be especially protected or benefited by the terms of this Ordinance. It is the specific intent of this Ordinance that no provision or any term used in this Ordinance is intended to impose any duty whatsoever upon the City or any of its officers or employees. Nothing contained in this Ordinance is intended nor shall be construed to create or form the basis of any liability on the part of the City, or its officers, employees or agents, for any injury or damage resulting from any action or inaction on the part of the City related in any manner to the enforcement of this Ordinance by its officers, employees or agents.

Section 10. ENFORCEMENT. Violations of this Ordinance are punishable under Everett Municipal Code, Chapters 1.16 and 1.20 and as otherwise provided by law and in Everett Municipal Code 1.20.020, and are subject to injunctive and other forms of relief which the City may seek.

DETAILED SUMMARY STATEMENT:

Kasch Park multi-purpose fields #2 and #3 will be renovated between May and September of this year. As part of the project, field lighting will also be upgraded. The current Metal Halide lighting system will be replaced by a Light Emitting Diode (LED) lighting system.

The Snohomish County Public Utility District No. 1 (PUD) offers an incentive payment (i.e. rebate) through its Commercial and Industrial Energy Efficiency Programs to customers for energy efficiency projects that reduce the consumption of electrical energy. Conversion of field lighting at Kasch Park is estimated to save approximately 122,000 kilowatt hours per year. The PUD rebate is \$0.45 per kilowatt hour which translates into a \$55,540.00 rebate to the City for construction of this project.

The field lighting replacement work is part of the overall project's construction documents. Staff anticipates that a contract and funding ordinance will be presented to City Council in early March, 2016 for consideration. At that time, the budgetary and expenditure requirements will be established. The Work Authorization Agreement with the PUD is needed at this time to meet the PUD's program requirements and therefore, is presented to City Council in advance of a proposed construction contract and funding ordinance.

WITNESSETH THAT:

WHEREAS, the AGENCY desires to accomplish the above referenced project, and

WHEREAS, the AGENCY does not have sufficient staff to meet the required commitment and therefore deems it advisable and desirable to engage the assistance of a CONSULTANT to provide the necessary services for the PROJECT; and

WHEREAS, the CONSULTANT represents that he/she is in compliance with the Washington State Statutes relating to professional registration, if applicable, and has signified a willingness to furnish Consulting services to the AGENCY,

NOW THEREFORE, in consideration of the terms, conditions, covenants and performance contained herein, or attached and incorporated and made a part hereof, the parties hereto agree as follows:

I General Description of Work

The work under this AGREEMENT shall consist of the above described work and services as herein defined and necessary to accomplish the completed work for this PROJECT. The CONSULTANT shall furnish all services, labor, and related equipment necessary to conduct and complete the work as designated elsewhere in this AGREEMENT.

II Scope of Work

The Scope of Work and projected level of effort required for this PROJECT is detailed in Exhibit "A" attached hereto and by this reference made a part of this AGREEMENT.

III General Requirements

All aspects of coordination of the work of this AGREEMENT with outside agencies, groups, or individuals shall receive advance approval by the AGENCY. Necessary contacts and meetings with agencies, groups, and/or individuals shall be coordinated through the AGENCY. The CONSULTANT shall attend coordination, progress and presentation meetings with the AGENCY and/or such Federal, State, Community, City or County officials, groups or individuals as may be requested by the AGENCY. The AGENCY will provide the CONSULTANT sufficient notice prior to meetings requiring CONSULTANT participation. The minimum required hours or days notice shall be agreed to between the AGENCY and the CONSULTANT and shown in Exhibit "A."

The CONSULTANT shall prepare a monthly progress report, in a form approved by the AGENCY, which will outline in written and graphical form the various phases and the order of performance of the work in sufficient detail so that the progress of the work can easily be evaluated.

The CONSULTANT, and each SUBCONSULTANT, shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The CONSULTANT, and each SUBCONSULTANT, shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of USDOT-assisted contracts. Failure by the CONSULTANT to carry out these requirements is a material breach of this AGREEMENT that may result in the termination of this AGREEMENT.

Participation for Disadvantaged Business Enterprises (DBE), if required, per 49 CFR Part 26, or participation of Minority Business Enterprises (MBE), and Women Business Enterprises (WBE), shall be shown on the heading of this AGREEMENT. If D/M/WBE firms are utilized, the amounts authorized to each firm and their certification number will be shown on Exhibit "B" attached hereto and by this reference made a part of this AGREEMENT. If the Prime CONSULTANT is a DBE firm they must comply with the Commercial Useful Function (CUF) regulation outlined in the AGENCY'S "DBE Program Participation Plan". The mandatory DBE participation goals of the AGREEMENT are those established by the WSDOT'S Highway and Local Programs Project Development Engineer in consultation with the AGENCY.

All Reports, PS&E materials, and other data furnished to the CONSULTANT by the AGENCY shall be returned. All electronic files, prepared by the CONSULTANT, must meet the requirements as outlined in Exhibit "C."

All designs, drawings, specifications, documents, and other work products, including all electronic files, prepared by the CONSULTANT prior to completion or termination of this AGREEMENT are instruments of service for this PROJECT, and are the property of the AGENCY. Reuse by the AGENCY or by others, acting through or on behalf of the AGENCY of any such instruments of service, not occurring as a part of this PROJECT, shall be without liability or legal exposure to the CONSULTANT.

IV Time for Beginning and Completion

The CONSULTANT shall not begin any work under the terms of this AGREEMENT until authorized in writing by the AGENCY.

All work under this AGREEMENT shall be completed by the date shown in the heading of this AGREEMENT under completion date.

The established completion time shall not be extended because of any delays attributable to the CONSULTANT, but may be extended by the AGENCY in the event of a delay attributable to the AGENCY, or because of unavoidable delays caused by an act of GOD or governmental actions or other conditions beyond the control of the CONSULTANT. A prior supplemental agreement issued by the AGENCY is required to extend the established completion time.

V Payment Provisions

The CONSULTANT shall be paid by the AGENCY for completed work and services rendered under this AGREEMENT as provided in Exhibit "D" attached hereto, and by reference made part of this AGREEMENT. Such payment shall be full compensation for work performed or services rendered and for all labor, materials, supplies, equipment, and incidentals necessary to complete the work. The CONSULTANT shall conform to all applicable portions of 48 CFR Part 31.

A post audit may be performed on this AGREEMENT. The need for a post audit will be determined by the State Auditor, WSDOT External Audit Office and/or at the request of the AGENCY'S PROJECT Manager.

VI Sub-Contracting

The AGENCY permits sub-contracts for those items of work as shown in Exhibit "G" attached hereto and by this reference made part of this AGREEMENT.

Compensation for this sub-consultant work shall be based on the cost factors shown on Exhibit "G."

The work of the sub-consultant shall not exceed its maximum amount payable unless a prior written approval has been issued by the AGENCY.

All reimbursable direct labor, overhead, direct non-salary costs and fixed fee costs for the sub-consultant shall be substantiated in the same manner as outlined in Section V. All sub-contracts shall contain all applicable provisions of this AGREEMENT.

With respect to sub-consultant payment, the CONSULTANT shall comply with all applicable sections of the Prompt Payment laws as set forth in RCW 39.04.250 and RCW 39.76.011.

The CONSULTANT shall not sub-contract for the performance of any work under this AGREEMENT without prior written permission of the AGENCY. No permission for sub-contracting shall create, between the AGENCY and sub-contractor, any contract or any other relationship. A DBE certified sub-consultant is required to perform a minimum amount of their sub-contracted agreement that is established by the WSDOT Local Programs Project Development Engineer in consultation with the AGENCY.

VII Employment

The CONSULTANT warrants that they have not employed or retained any company or person, other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this contract, and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the CONSULTANT, any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from the award or making of this contract. For breach or violation of this warrant, the AGENCY shall have the right to annul this AGREEMENT without liability or, in its discretion, to deduct from the AGREEMENT price or consideration or otherwise recover the full amount of such fee, commission, percentage, brokerage fee, gift, or contingent fee.

Any and all employees of the CONSULTANT or other persons while engaged in the performance of any work or services required of the CONSULTANT under this AGREEMENT, shall be considered employees of the CONSULTANT only and not of the AGENCY, and any and all claims that may arise under any Workmen's Compensation Act on behalf of said employees or other persons while so engaged, and any and all claims made by a

third party as a consequence of any act or omission on the part of the CONSULTANT'S employees or other persons while so engaged on any of the work or services provided to be rendered herein, shall be the sole obligation and responsibility of the CONSULTANT.

The CONSULTANT shall not engage, on a full- or part-time basis, or other basis, during the period of the contract, any professional or technical personnel who are, or have been, at any time during the period of the contract, in the employ of the United States Department of Transportation, or the STATE, or the AGENCY, except regularly retired employees, without written consent of the public employer of such person.

VIII Nondiscrimination

During the performance of this contract, the CONSULTANT, for itself, its assignees, and successors in interest agrees to comply with the following laws and regulations:

Title VI of the Civil Rights Act of 1964
(42 USC Chapter 21 Subchapter V Section 2000d through 2000d-4a)

Federal-aid Highway Act of 1973
(23 USC Chapter 3 Section 324)

Rehabilitation Act of 1973
(29 USC Chapter 16 Subchapter V Section 794)

Age Discrimination Act of 1975
(42 USC Chapter 76 Section 6101 et seq.)

Civil Rights Restoration Act of 1987
(Public Law 100-259)

American with Disabilities Act of 1990
(42 USC Chapter 126 Section 12101 et. seq.)

49 CFR Part 21

23 CFR Part 200

RCW 49.60.180

In relation to Title VI of the Civil Rights Act of 1964, the CONSULTANT is bound by the provisions of Exhibit "H" attached hereto and by this reference made part of this AGREEMENT, and shall include the attached Exhibit "H" in every sub-contract, including procurement of materials and leases of equipment, unless exempt by the Regulations or directives issued pursuant thereto.

IX Termination of Agreement

The right is reserved by the AGENCY to terminate this AGREEMENT at any time upon ten (10) days written notice to the CONSULTANT.

In the event this AGREEMENT is terminated by the AGENCY other than for default on the part of the CONSULTANT, a final payment shall be made to the CONSULTANT as shown in Exhibit "I" for the type of AGREEMENT used.

No payment shall be made for any work completed after ten (10) days following receipt by the CONSULTANT of the Notice to Terminate. If the accumulated payment made to the CONSULTANT prior to Notice of Termination exceeds the total amount that would be due when computed as set forth herein above, then no final payment shall be due and the CONSULTANT shall immediately reimburse the AGENCY for any excess paid.

If the services of the CONSULTANT are terminated by the AGENCY for default on the part of the CONSULTANT, the above formula for payment shall not apply.

In such an event, the amount to be paid shall be determined by the AGENCY with consideration given to the actual costs incurred by the CONSULTANT in performing the work to the date of termination, the amount of work originally required which was satisfactorily completed to date of termination, whether that work is in a form or a type which is usable to the AGENCY at the time of termination, the cost to the AGENCY of employing another firm to complete the work required and the time which may be required to do so, and other factors which affect the value to the AGENCY of the work performed at the time of termination.

Under no circumstances shall payment made under this subsection exceed the amount, which would have been made using the formula set forth above.

If it is determined for any reason that the CONSULTANT was not in default or that the CONSULTANT'S failure to perform is without the CONSULTANT'S or it's employee's default or negligence, the termination shall be deemed to be a termination for the convenience of the AGENCY. In such an event, the CONSULTANT would be reimbursed for actual costs in accordance with the termination for other than default clauses listed previously.

In the event of the death of any member, partner or officer of the CONSULTANT or any of its supervisory personnel assigned to the PROJECT, or dissolution of the partnership, termination of the corporation, or disaffiliation of the principally involved employee, the surviving members of the CONSULTANT hereby agree to complete the work under the terms of this AGREEMENT, if requested to do so by the AGENCY. This subsection shall not be a bar to renegotiation of the AGREEMENT between the surviving members of the CONSULTANT and the AGENCY, if the AGENCY so chooses.

In the event of the death of any of the parties listed in the previous paragraph, should the surviving members of the CONSULTANT, with the AGENCY'S concurrence, desire to terminate this AGREEMENT, payment shall be made as set forth in the second paragraph of this section.

Payment for any part of the work by the AGENCY shall not constitute a waiver by the AGENCY of any remedies of any type it may have against the CONSULTANT for any breach of this AGREEMENT by the CONSULTANT, or for failure of the CONSULTANT to perform work required of it by the AGENCY. Forbearance of any rights under the AGREEMENT will not constitute waiver of entitlement to exercise those rights with respect to any future act or omission by the CONSULTANT.

X Changes of Work

The CONSULTANT shall make such changes and revisions in the complete work of this AGREEMENT as necessary to correct errors appearing therein, when required to do so by the AGENCY, without additional compensation thereof. Should the AGENCY find it desirable for its own purposes to have previously satisfactorily completed work or parts thereof changed or revised, the CONSULTANT shall make such revisions as directed by the AGENCY. This work shall be considered as Extra Work and will be paid for as herein provided under Section XIV.

XI Disputes

Any dispute concerning questions of fact in connection with the work not disposed of by AGREEMENT between the CONSULTANT and the AGENCY shall be referred for determination to the Director of Public Works or AGENCY Engineer, whose decision in the matter shall be final and binding on the parties of this AGREEMENT; provided, however, that if an action is brought challenging the Director of Public Works or AGENCY Engineer's decision, that decision shall be subject to de novo judicial review. If the parties to this AGREEMENT mutually agree, disputes concerning alleged design errors will be conducted under the procedures found in Exhibit "J", and disputes concerning claims will be conducted under the procedures found in Exhibit "K".

XII Venue, Applicable Law, and Personal Jurisdiction

In the event that either party deems it necessary to institute legal action or proceedings to enforce any right or obligation under this AGREEMENT, the parties hereto agree that any such action shall be initiated in the Superior court of the State of Washington, situated in the county in which the AGENCY is located. The parties hereto agree that all questions shall be resolved by application of Washington law and that the parties to such action shall have the right of appeal from such decisions of the Superior court in accordance with the laws of the State of Washington. The CONSULTANT hereby consents to the personal jurisdiction of the Superior court of the State of Washington, situated in the county in which the AGENCY is located.

XIII Legal Relations

The CONSULTANT shall comply with all Federal, State, and local laws and ordinances applicable to the work to be done under this AGREEMENT. This contract shall be interpreted and construed in accordance with the laws of the State of Washington.

The CONSULTANT shall indemnify and hold the AGENCY and the STATE and its officers and employees harmless from and shall process and defend at its own expense all claims, demands, or suits at law or equity arising in whole or in part from the CONSULTANT'S negligence or breach of any of its obligations under this AGREEMENT; provided that nothing herein shall require a CONSULTANT to indemnify the AGENCY or the STATE against and hold harmless the AGENCY or the STATE from claims, demands or suits based solely upon the conduct of the AGENCY or the STATE, their agents, officers and employees; and provided further that if the claims or suits are caused by or result from the concurrent negligence of (a) the CONSULTANT'S agents or employees, and (b) the AGENCY or the STATE, their agents, officers and employees, this indemnity provision with respect to (1) claims or suits based upon such negligence (2) the costs to the AGENCY or the STATE of defending such claims and suits shall be valid and enforceable only to the extent of the CONSULTANT'S negligence or the negligence of the CONSULTANT'S agents or employees.

The CONSULTANT'S relation to the AGENCY shall be at all times as an independent contractor.

The CONSULTANT shall comply with all applicable sections of the applicable Ethics laws, including RCW 42.23, which is the Code of Ethics for regulating contract interest by municipal officers. The CONSULTANT specifically assumes potential liability for actions brought by the CONSULTANT'S own employees against the AGENCY and, solely for the purpose of this indemnification and defense, the CONSULTANT specifically waives any immunity under the state industrial insurance law, Title 51 RCW.

Unless otherwise specified in the AGREEMENT, the AGENCY shall be responsible for administration of construction contracts, if any, on the PROJECT. Subject to the processing of a new sole source, or an acceptable supplemental agreement, the CONSULTANT shall provide On-Call assistance to the AGENCY during contract administration. By providing such assistance, the CONSULTANT shall assume no responsibility for: proper construction techniques, job site safety, or any construction contractor's failure to perform its work in accordance with the contract documents.

The CONSULTANT shall obtain and keep in force during the terms of the AGREEMENT, or as otherwise required, the following insurance with companies or through sources approved by the State Insurance Commissioner pursuant to Title 48 RCW.

Insurance Coverage

- A. Worker's compensation and employer's liability insurance as required by the STATE.
- B. Commercial general liability written under ISO Form CG 00 01 12 04 or its equivalent with minimum limits of one million dollars (\$1,000,000) per occurrences and two million dollars (\$2,000,000) in the aggregate for each policy period.
- C. Vehicle liability insurance for any automobile used in an amount not less than a one million dollar (\$1,000,000) combined single limit.

Excepting the Worker's Compensation Insurance and any Professional Liability Insurance secured by the CONSULTANT, the AGENCY will be named on all policies as an additional insured. The CONSULTANT shall furnish the AGENCY with verification of insurance and endorsements required by the AGREEMENT. The AGENCY reserves the right to require complete, certified copies of all required insurance policies at any time.

All insurance shall be obtained from an insurance company authorized to do business in the State of Washington. The CONSULTANT shall submit a verification of insurance as outlined above within fourteen (14) days of the execution of this AGREEMENT to the AGENCY.

No cancellation of the foregoing policies shall be effective without thirty (30) days prior notice to the AGENCY.

The CONSULTANT'S professional liability to the AGENCY shall be limited to the amount payable under this AGREEMENT or one million (\$1,000,000) dollars, whichever is the greater, unless modified by Exhibit "L". In no case shall the CONSULTANT'S professional liability to third parties be limited in any way.

The AGENCY will pay no progress payments under Section V until the CONSULTANT has fully complied with this section. This remedy is not exclusive; and the AGENCY and the STATE may take such other action as is available to it under other provisions of this AGREEMENT, or otherwise in law.

XIV Extra Work

- A. The AGENCY may at any time, by written order, make changes within the general scope of the AGREEMENT in the services to be performed.
- B. If any such change causes an increase or decrease in the estimated cost of, or the time required for, performance of any part of the work under this AGREEMENT, whether or not changed by the order, or otherwise affects any other terms and conditions of the AGREEMENT, the AGENCY shall make an equitable adjustment in the (1) maximum amount payable; (2) delivery or completion schedule, or both; and (3) other affected terms and shall modify the AGREEMENT accordingly.
- C. The CONSULTANT must submit any "request for equitable adjustment", hereafter referred to as "CLAIM", under this clause within thirty (30) days from the date of receipt of the written order. However, if the AGENCY decides that the facts justify it, the AGENCY may receive and act upon a CLAIM submitted before final payment of the AGREEMENT.
- D. Failure to agree to any adjustment shall be a dispute under the Disputes clause. However, nothing in this clause shall excuse the CONSULTANT from proceeding with the AGREEMENT as changed.
- E. Notwithstanding the terms and conditions of paragraphs (A) and (B) above, the maximum amount payable for this AGREEMENT, shall not be increased or considered to be increased except by specific written supplement to this AGREEMENT.

XV Endorsement of Plans

If applicable, the CONSULTANT shall place their endorsement on all plans, estimates, or any other engineering data furnished by them.

XVI Federal and State Review

XIX Execution and Acceptance

This AGREEMENT may be simultaneously executed in several counterparts, each of which shall be deemed to be an original having identical legal effect. The CONSULTANT does hereby ratify and adopt all statements, representations, warranties, covenants, and agreements contained in the proposal, and the supporting material submitted by the CONSULTANT, and does hereby accept the AGREEMENT and agrees to all of the terms and conditions thereof.

1. **Compliance with Regulations:** The CONSULTANT shall comply with the Regulations relative to non-discrimination in federally assisted programs of the AGENCY, Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time (hereinafter referred to as the "REGULATIONS"), which are herein incorporated by reference and made a part of this AGREEMENT.
2. **Non-discrimination:** The CONSULTANT, with regard to the work performed during the AGREEMENT, shall not discriminate on the grounds of race, color, sex, or national origin in the selection and retention of sub-consultants, including procurement of materials and leases of equipment. The CONSULTANT shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the REGULATIONS, including employment practices when the AGREEMENT covers a program set forth in Appendix B of the REGULATIONS.
3. **Solicitations for Sub-consultants, Including Procurement of Materials and Equipment:** In all solicitations either by competitive bidding or negotiations made by the CONSULTANT for work to be performed under a sub-contract, including procurement of materials or leases of equipment, each potential sub-consultant or supplier shall be notified by the CONSULTANT of the CONSULTANT'S obligations under this AGREEMENT and the REGULATIONS relative to non-discrimination on the grounds of race, color, sex, or national origin.
4. **Information and Reports:** The CONSULTANT shall provide all information and reports required by the REGULATIONS or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by AGENCY, STATE or the Federal Highway Administration (FHWA) to be pertinent to ascertain compliance with such REGULATIONS, orders and instructions. Where any information required of a CONSULTANT is in the exclusive possession of another who fails or refuses to furnish this information, the CONSULTANT shall so certify to the AGENCY, STATE or the FHWA as appropriate, and shall set forth what efforts it has made to obtain the information.
5. **Sanctions for Non-compliance:** In the event of the CONSULTANT'S non-compliance with the non-discrimination provisions of this AGREEMENT, the AGENCY shall impose such AGREEMENT sanctions as it, the STATE or the FHWA may determine to be appropriate, including, but not limited to:
 - Withholding of payments to the CONSULTANT under the AGREEMENT until the CONSULTANT complies, and/or;
 - Cancellation, termination, or suspension of the AGREEMENT, in whole or in part

6. Incorporation of Provisions: The CONSULTANT shall include the provisions of paragraphs (1) through (5) in every sub-contract, including procurement of materials and leases of equipment, unless exempt by the REGULATIONS, or directives issued pursuant thereto. The CONSULTANT shall take such action with respect to any sub-consultant or procurement as the AGENCY, STATE or FHWA may direct as a means of enforcing such provisions including sanctions for non-compliance.

Provided, however, that in the event a CONSULTANT becomes involved in, or is threatened with, litigation with a sub-consultant or supplier as a result of such direction, the CONSULTANT may request the AGENCY and the STATE enter into such litigation to protect the interests of the AGENCY and the STATE and, in addition, the CONSULTANT may request the United States enter into such litigation to protect the interests of the United States.

A final payment shall be made to the CONSULTANT for actual units of work completed at the time of termination of this AGREEMENT.

Exhibit K Consultant Claim Procedures

The purpose of this exhibit is to describe a procedure regarding claim(s) on a consultant agreement. The following procedures should only be utilized on consultant claims greater than \$1,000. If the consultant's claim(s) are a total of \$1,000 or less, it would not be cost effective to proceed through the outlined steps. It is suggested that the Director of Public Works or Agency Engineer negotiate a fair and reasonable price for the consultant's claim(s) that total \$1,000 or less.

This exhibit will outline the procedures to be followed by the consultant and the agency to consider a potential claim by the consultant.

Step 1 – Consultant Files a Claim with the Agency Project Manager

If the consultant determines that they were requested to perform additional services that were outside of the agreement's scope of work, they may be entitled to a claim. The first step that must be completed is the request for consideration of the claim to the Agency's project manager.

The consultant's claim must outline the following:

- Summation of hours by classification for each firm that is included in the claim;
- Any correspondence that directed the consultant to perform the additional work;
- Timeframe of the additional work that was outside of the project scope;
- Summary of direct labor dollars, overhead costs, profit and reimbursable costs associated with the additional work; and
- Explanation as to why the consultant believes the additional work was outside of the agreement scope of work.

Step 2 – Review by Agency Personnel Regarding the Consultant's Claim for Additional Compensation

After the consultant has completed step 1, the next step in the process is to forward the request to the Agency's project manager. The project manager will review the consultant's claim and will meet with the Director of Public Works or Agency Engineer to determine if the Agency agrees with the claim. If the FHWA is participating in the project's funding, forward a copy of the consultant's claim and the Agency's recommendation for federal participation in the claim to the WSDOT Highways and Local Programs through the Region Local Programs Engineer. If the claim is not eligible for federal participation, payment will need to be from agency funds.

If the Agency project manager, Director of Public Works or Agency Engineer, WSDOT Highways and Local Programs (if applicable), and FHWA (if applicable) agree with the consultant's claim, send a request memo, including backup documentation to the consultant to either supplement the agreement, or create a new agreement for the claim. After the request has been approved, the Agency shall write the supplement and/or new agreement and pay the consultant the amount of the claim. Inform the consultant that the final payment for the agreement is subject to audit. No further action is needed regarding the claim procedures.

If the Agency does not agree with the consultant's claim, proceed to step 3 of the procedures.

Step 3 – Preparation of Support Documentation Regarding Consultant's Claim(s)

If the Agency does not agree with the consultant's claim, the project manager shall prepare a summary for the Director of Public Works or Agency Engineer that included the following:

- Copy of information supplied by the consultant regarding the claim;
- Agency's summation of hours by classification for each firm that should be included in the claim;
- Any correspondence that directed the consultant to perform the additional work;
- Agency's summary of direct labor dollars, overhead costs, profit and reimbursable costs associated with the additional work;
- Explanation regarding those areas in which the Agency does/does not agree with the consultant's claim(s);
- Explanation to describe what has been instituted to preclude future consultant claim(s); and
- Recommendations to resolve the claim.

Step 4 – Director of Public Works or Agency Engineer Reviews Consultant Claim and Agency Documentation

The Director of Public Works or Agency Engineer shall review and administratively approve or disapprove the claim, or portions thereof, which may include getting Agency Council or Commission approval (as appropriate to agency dispute resolution procedures). If the project involves federal participation, obtain concurrence from WSDOT Highways and Local Programs and FHWA regarding final settlement of the claim. If the claim is not eligible for federal participation, payment will need to be from agency funds.

Step 5 – Informing Consultant of Decision Regarding the Claim

The Director of Public Works or Agency Engineer shall notify (in writing) the consultant of their final decision regarding the consultant's claim(s). Include the final dollar amount of the accepted claim (s) and rationale utilized for the decision.

Step 6 – Preparation of Supplement or New Agreement for the Consultant's Claim(s)

The agency shall write the supplement and/or new agreement and pay the consultant the amount of the claim. Inform the consultant that the final payment for the agreement is subject to audit.

Background

The City of Everett, Washington (City) has selected HDR to provide engineering analysis, design, and permitting assistance for modifying Diversion Structure Zero (DS0) at the Water Pollution Control Facility (WPCF).

HDR completed the Predesign Report for the DS0 Improvements in December 2015. This report identified approximately 1,200 feet of new 96-inch diameter gravity combined sewer main from the existing Diversion Structure to the Oxidation Pond. This improvement also includes three new structures: DS0 Modifications, Junction Structure, and Flow Control Structure. An outlet connection to the Oxidation Pond is also included.

Task 200 – Surveying

Objectives

This project will provide surveying and base mapping services for an area at the City of Everett's Water Pollution Control Facility in the vicinity of DS0 and the path of a proposed pipe from this structure to the oxidation pond. We will utilize previously established horizontal and vertical control adjacent to the site for this work. The vertical datum will be NAVD 88 and based on existing benchmarks.

 - b) Prepare monthly invoices listing tasks accomplished, percentages of work complete, and remaining work.
3. Recover project control and set additional control as needed to perform work.
4. Topographic survey at a level of detail needed for a one foot contour interval basemap: existing ground, roads, bridge columns, buildings, landscape features, utilities both above and below ground, and other significant natural and manmade features.
5. Topographic survey of a small part of the southwesterly corner of the oxidation pond, recirculation channel, and concrete wall dividing them. Include notches in the concrete wall. See Attachment A.
6. Topographic survey of the top of existing 54" pipe in the vicinity of the right angle structure, to be done at the time of potholing.
7. Develop an AutoCAD base map and digital terrain model at an agreed upon horizontal scale, using current City of Everett drafting and layering standards

Client Responsibilities

1. Provide surveyor access to the project area and structures within the existing conveyance system.

3. Applied Professional Services, Inc. will be used for marking underground utilities within the project limits, to the extent that they can be located by their equipment; some non-conductible underground lines cannot be located and thus cannot be surveyed. Subsurface Utility Engineering evaluation will be Quality B Level defined as the application of appropriate surface geophysical methods to determine the existence and horizontal position of the utilities within the project limits. This activity is called "designating". The information obtained in this manner is surveyed to project control. It addresses problems caused by inaccurate utility records, abandoned or unrecorded facilities, and lost references.
4. Applied Professional Services, Inc. will be used to pothole in approximately six places on the top of the existing 54" pipe. Four of the potholes will be in the immediate vicinity of the 54" pipe right angle structure, located next to the gate to the Industrial Pretreatment area of the WPCF. Two other pothole locations will be determined at a later date, depending on the needs of HDR. Any additional potholes beyond these extents may be considered an Additional Service.
5. One additional day of fieldwork and associated drafting time is included in this Scope for other survey needs that may arise during the course of design by HDR
6. The boundary of the survey is indicated in the figure in Attachment A. The approximate area to be surveyed is 3 acres.

Deliverables

1. AutoCAD version 2014 basemap drawing.

Notice shall be sent to the Tenant and U.S. Senate Sergeant at Arms at the addresses in Section 2(n) of the Lease.
24. **BANKRUPTCY AND FORECLOSURE:** In the event that Landlord is placed in bankruptcy proceedings (whether voluntarily or involuntary), the leased Premises is foreclosed upon, or any similar occurrence, the Landlord agrees to promptly notify Tenant and the U.S. Senate Sergeant at Arms in writing at the addresses provided in Section 2 of this Lease.
25. **SUBORDINATION, NON-DISTURBANCE AND ATTORNMENT:** Landlord warrants that it holds such title to or other interest in the premises and other property as is necessary to the Tenant's access to the premises and full use and enjoyment thereof in accordance with the provisions of this lease. Tenant agrees, in consideration of the warranties and conditions set forth in this clause, that this lease is subject and subordinate to any and all recorded mortgages, deeds of trust and other liens now or hereafter existing or imposed upon the premises, and to any renewal, modification or extension thereof. It is the intention of the parties that this provision shall be self-operative and that no further instrument shall be required to effect the present or subsequent subordination of this lease. Tenant agrees, however, within twenty (20) business days next following the Tenant and the U.S. Senate Sergeant at Arms receipt of a written demand, to execute such instruments as Landlord may reasonably request to evidence further the subordination of this lease to any existing or future mortgage, deed of trust or other security interest pertaining to the premises, and to any water, sewer or access easement necessary or desirable to serve the premises or adjoining property owned in whole or in part by Landlord if such easement does not interfere with the full enjoyment of any right granted the Tenant under this lease.

No such subordination, to either existing or future mortgages, deeds of trust or other lien or security instrument shall operate to affect adversely any right of the Tenant under this lease so long as the Tenant is not in default under this lease. Landlord will include in any future mortgage, deed of trust or other security instrument to which this lease becomes subordinate, or in a separate non-disturbance agreement, a provision to the foregoing effect. In the event of any sale of the premises or any portion thereof by foreclosure of the lien of any such mortgage, deed of trust or other security instrument, or the giving of a deed in lieu of foreclosure, the Tenant will be deemed to have attorned to any purchaser, purchasers, transferee or transferees of the premises or any portion thereof and its or their successors and assigns, and any such purchasers and transferees will be deemed to have assumed all obligations of the Landlord under this lease, so as to establish direct privity of estate and contract between Tenant and such purchasers or transferees, with the same force, effect and relative priority in time and right as if the lease had initially been entered into between such purchasers or transferees and the Tenant; provided, further, that the Tenant and such purchasers or transferees shall, with reasonable promptness following any such sale or deed delivery in lieu of foreclosure, execute all such revisions to this lease, or other writings, as shall be necessary to document the foregoing relationship.

None of the foregoing provisions may be deemed or construed to imply a waiver of the Tenant's rights as a United States Government entity.

26. **ESTOPPEL CERTIFICATE(S):** Tenant will cooperate on Landlord's request for an estoppel certificate relating to the leased premises (using a form to be provided in advance by the Landlord, which will not be unreasonably withheld.

The Landlord shall provide a copy of the signed estoppel certificate to the Sergeant at Arms' State Office Liaison promptly upon receipt of the certificate from the Tenant.

27. **TENANT'S PERFORMANCE:** The Tenant enters into this lease on behalf of the United States Senate. However, neither the Senate nor its Officers assume any liability for the performance of the agreement. Payments approved by the Sergeant at Arms and disbursed by the Secretary of the Senate of amounts due the Landlord by the Tenant under the terms of this lease are made solely on behalf of the Senator (Tenant) in the Senator's official and representational capacity. The Landlord agrees to look solely to the Tenant for default of payment or otherwise, and such Senator, in his official capacity, assumes all liability for performance of this lease agreement. Landlord shall provide Tenant and the Senate Sergeant at Arms written notification of any default made by Tenant under the terms of this agreement. Prior to the Landlord taking any action against Tenant for default, Tenant shall have sixty (60) days to cure any default after receipt of written notification from Landlord; however, if such default cannot be cured within such period, Tenant shall have such reasonable period of time as needed to cure such default. Tenant shall not be subject to surcharges, charges, attorney's fees, interest, penalties or similar fees arising from Tenant's default or otherwise.
28. **CONFLICT OF INTEREST:** The Landlord certifies and warrants that the Landlord has no conflict of interest, direct or indirect, financial or otherwise, which would be applicable to the performance of the obligations covered by this agreement. If an allegation of a conflict of interest is brought to the attention of the United States Senate, the Landlord agrees to fully cooperate with any investigation of the allegation(s), and will disclose to the United States Senate any other contract(s) to which the Landlord is a party, public or private, or which the Landlord undertakes during the period of this contract (including contracts entered into during the period of this contract which include duties to be fulfilled after the termination of this contract). Landlord further certifies and warrants that this Lease is entered into at fair market value as the result of a bona fide, arms-length, marketplace transaction. The Landlord and Tenant certify that the parties are not relatives nor have had, or continue to have, a professional or legal relationship (except as a landlord and tenant).
29. **INCORPORATION:** This lease constitutes the entire agreement between the parties and each party hereto agrees and acknowledges that there are no other agreements, understandings or obligations except as those set forth herein.
30. **MODIFICATIONS:** Any changes, additions, modifications or amendments to the lease agreement which are inconsistent with the paragraphs set forth herein shall have no force and effect to the extent of such inconsistency unless modified by mutual written agreement by the parties and approved by the U.S. Senate Sergeant at Arms. Copies of any proposed modifications shall promptly be provided to the U. S. Senate Sergeant at Arms at the notice address in Section 2 of this Lease. Any changes, additions, modifications or amendments to the Lease inconsistent with or contrary to Law or Public Policy, including but not limited to, 2 U.S.C. §6317 (Home State office space for Senators; lease of office space), 28 U.S.C. §§ 2671-80 (Federal Tort Claims Act) and 31 U.S.C. §§ 1341, 1517(a) (Antideficiency Act), shall be null and void.
31. **TERMS SEPARATE AND INDEPENDENT:** Each covenant, agreement, obligation, term, condition or other provision contained in this Lease shall be deemed and construed as a separate and independent covenant of the party bound by, undertaking or making the same, not dependent on any other provision of this Lease unless otherwise expressly provided. All of the terms and conditions set forth in this Lease shall apply throughout the Term unless otherwise expressly set forth herein.
32. **TIME IS OF THE ESSENCE:** Time is of the essence with respect to each and every provision of this lease including delivery of the leased premises.
33. **ENFORCEABILITY:** If any provisions of this Lease shall be declared unenforceable in any respect, such unenforceability shall not affect any other provision of this Lease, and each such provision shall be deemed to be modified, if possible, in such a manner as to render it enforceable and to preserve to the extent possible the intent of

the parties as set forth herein. This Lease shall be construed and enforced in accordance with the laws of the state in which the Property is located.

Programming Grants: For thirty-two years the City of Everett, through the Cultural Arts Commission, has supported performing, visual and literary organizations by awarding annual programming grants. Through a competitive grant application and screening process, Cultural Arts Commissioners make awards based upon criteria such as non-profit status, Everett-based priority and ability to provide matching funds.

These awards enable artists and organizations to develop, produce and exhibit quality artwork and programs. They also increase exposure of the arts to the general public and strengthen partnerships with the artistic community. It is recommended that the arts organizations identified on the attachment receive grant funding and/ or the use of the Everett Performing Arts Center, waiving the rental fee, to support their programming projects. Programming Grant Awards total \$34,000.

Capital Grants: The Everett Cultural Arts Commission's Capital Grants Program enhances the cultural life of Everett's citizens by funding the purchase, design, construction, and remodeling of buildings used for performing arts, visual arts, and cultural activities; and the purchase of production equipment intended to be used by the recipient cultural organization for at least ten years.
