DETAILED SUMMARY STATEMENT:

It has been a long-standing practice to route general business license applications to the Planning Department for review for compliance with zoning and land use requirements prior to issuance. The proposed amendment formalizes that procedure.

RECOMMENDATION (Exact action requested of Council): Adopt the Ordinance Relating to Tax Administration, amending Ordinance No. 3385-14 (Chapter 3.19.030 EMC), as amended.

ORDINANCE NO. _____

An Ordinance Relating to Tax Administration, amending Ordinance No. 3385-14 (Chapter 3.19.030 EMC), as amended.

WHEREAS, the City's Tax Administration Code, Chapter 3.19 EMC, requires modifications periodically to clarify or update the tax administration process; and

WHEREAS, general business license applications are reviewed by the Department of Planning and Community Develop prior to issuance for conformance to the City's Land Use and Zoning Code.

WHEREAS, it is in the best interest of general business license applicants and the City to formalize the process in the Tax Administration Ordinance;

NOW, THEREFORE, THE CITY OF EVERETT DOES ORDAIN:

Such applicant shall complete an application form for such business license upon such forms as provided by the office of the city clerk and shall accompany such application with the required fee. Prior to license issuance, all business license applications will be reviewed by the City's department of Planning and Community Development for compliance with the City's Land Use and Zoning Code. Business license issuance does not indicate that the business complies with all federal, state, and local regulations.

Section 2. Severability. Should any section, paragraph, clause or phrase of this Ordinance, or its application to any person or circumstance, be declared unconstitutional or otherwise invalid for any reason, or should any portion of this Ordinance be pre-empted by state or federal law or regulations, this shall not affect the validity of the remaining portions of this Ordinance or its application to other persons or circumstances.

Section 3. Conflict. In the event there is a conflict between the provisions of this Ordinance and any other City ordinance, the provisions of this Ordinance shall control.

Section 4. Corrections. The City Clerk and the codifiers of this Ordinance are authorized to make necessary corrections to this Ordinance including, but not limited to, the correction of scrivener's/clerical errors, references, ordinance numbering, section/subsection number and any references thereto.

Section 5. General Duty. It is expressly the purpose of this Ordinance to provide for and promote the health, safety and welfare of the general public and not to create or otherwise establish or designate any particular class or group of persons who will or should be especially protected or benefited by the terms of this Ordinance. It is the specific intent of this Ordinance that no provision or any term used in this Ordinance is intended to impose any duty whatsoever upon the City or any of its officers or employees. An Ordinance Relating to Admissions Tax, amending Ordinance No. 2977 (Chapter 3.20.140 EMC), as amended.

WHEREAS, the City's Admissions Tax Code, Chapter 3.20 EMC, requires modifications periodically to clarify or update the tax administration process; and

WHEREAS, payment of the tax imposed by Chapter 3.20 EMC, is due and payable in bimonthly installments on or before the fifteenth day of the month next succeeding the end of the quarterly period in which the tax is accrued.

WHEREAS, it is in the best interest of tax payers and the City to align the tax due date with the Business & Occupation tax due dates;

NOW, THEREFORE, THE CITY OF EVERETT DOES ORDAIN:

Section 1. Section 7 of Ordinance No. 2977(EMC 3.20.140), which reads as follows:

3.20.140 Collection of tax—Duties of collector—Returns required.

Any person receiving any payment for admission on which a tax is levied under this chapter shall collect the amount of the tax imposed from the person making the admission payment. The tax required to be collected under this chapter shall be deemed to be held in trust by the person required to collect the same until paid to the clerk as herein provided. Any person required to collect the tax imposed under this chapter who fails to collect the same, or having collected the same, fails to remit the same to the clerk in the manner prescribed by this chapter, whether such failure be the result of his own act or the result of acts or conditions beyond his control, shall nevertheless be personally liable to the city for the amount of such tax, and shall, unless the remittance be made as herein required, be guilty of a violation of this chapter. The tax imposed hereunder shall be collected at the time the admission charge is paid by the person seeking admission to any place and shall be reported and remitted by the person receiving the tax to the clerk in bimonthly installments and remittances therefor on or before the fifteenth day of the month next succeeding the end of the bimonthly period in which the tax is collected or approved; provided, that the first return and remittance under this chapter shall be made

on or before the fifteenth day of July, 1943, and shall cover the period from and including May 1, 1943, to and including June 30, 1943. Payment or remittance of the tax collected may be made by check, unless payment or remittance is otherwise required by the clerk, but payment by check shall not relieve the person collecting the tax from liability for payment and remittance of the tax to the clerk unless the check is honored and is in the full and correct amount. The person receiving any payment for admissions shall make out a return upon such forms and setting forth such information as the clerk may require, showing the amount of the tax upon admissions for which he is liable for the preceding bimonthly period, and shall sign and transmit the same to the clerk with a remittance for said amount; provided, that the clerk may in his discretion require verified annual returns from any person receiving admission payments setting forth such additional information as he may deem necessary to determine correctly the amount of tax collected and payable. Whenever any theater, circus, show, exhibition, entertainment or amusement makes an admission charge which is subject to the tax herein levied, and the same is of a temporary or transitory nature, of which the clerk shall be the judge, the clerk may require the report and remittance of the admission tax immediately upon the collection of the same, at the conclusion of the performance or exhibition, or at the conclusion of the series of performances or exhibitions or at such other times as the clerk shall determine; and failure to comply with any requirement of the clerk as to report and remittance of the tax as required shall be a violation of this chapter. The books, records and accounts of any person collecting a tax herein levied shall, as to admission charges and tax collections, be at all reasonable times subject to examination and audit by the clerk.

Is hereby amended to read as follows:

3.20.140 Collection of tax—Duties of collector—Returns required.

Any person receiving any payment for admission on which a tax is levied under this chapter shall collect the amount of the tax imposed from the person making the admission payment. The tax required to be collected under this chapter shall be deemed to be held in trust by the person required to collect the same until paid to the clerk as herein provided. The tax imposed hereunder shall be collected at the time the admission charge is paid by the person seeking admission to any place and shall be reported and remitted by the person receiving the tax to the clerk in quarterly installments and remittances therefor shall be made on or before the last day of the month following the end of the quarterly period in which

the tax is collected or approved. Payment or remittance of the tax collected may be made by check, unless payment or remittance is otherwise required by the clerk, but payment by check shall not relieve the person collecting the tax from liability for payment and remittance of the tax to the clerk unless the check is honored and is in the full and correct amount. The person receiving any payment for admissions shall make out a return upon such forms and setting forth such information as the clerk may require, showing the amount of the tax upon admissions for which he is liable for the preceding bimonthly period, and shall sign and transmit the same to the clerk with a remittance for said amount; provided, that the clerk may in his discretion require verified annual returns from any person receiving admission payments setting forth such additional information as he may deem necessary to determine correctly the amount of tax collected and payable. The books, records and accounts of any person collecting a tax herein levied shall, as to admission charges and tax collections, be at all reasonable times subject to examination and audit by the clerk.

Section 2. Severability. Compensation for interpreters currently credentialed by the AOC in the certified and registered language categories shall be reimbursed for actual compensation paid pursuant to the payment structure for those interpreters as outlined in this Exhibit A.

2) Non-Credentialed Interpreters in Certified and Registered Language Categories

If either (a), the AOC master interpreter list for certified or registered languages does not include any interpreters credentialed by the AOC for those languages, or (b), after diligent search, a registered interpreter cannot be obtained for that language, then reimbursement will be provided for actual compensation paid pursuant to the payment structure as outlined in this Exhibit A, Section 2, (see "Payment Structure"), for those interpreters, providing that the interpreter is found otherwise qualified on the record by the Court pursuant to Chapter 2.43.

3) Non-Credentialed Languages

Compensation for interpreters for languages for which neither certification nor registration is offered will be reimbursed where the interpreter has been deemed qualified on the record pursuant to 2.43 RCW.

B. Sign Language Interpreters

Reimbursement for American Sign Language (ASL) interpreters appointed pursuant to RCW 2.42 will be authorized under the following conditions:

1) When the Court uses either:

- (a) An interpreter with an SC:L or comparable legal specialist certification issued by the Registry of Interpreters for the Deaf; or
- (b) An interpreter under contract or subcontracted with the Department of Social and Health Services, Office of Deaf and Hard of Hearing (DSHS, ODHH).

C. Salaried Staff and Contract Interpreters

Reimbursement will be provided for salaried staff or contracted interpreters meeting the Qualifying Event conditions for the payment of credentialed spoken and sign language interpreters, as referenced above.

D. Remote Interpreting

The AOC will reimburse local jurisdictions for using certified, registered, or otherwise qualified interpreters operating by telephone or videophone when providing court interpreting services for Limited English Proficiency (LEP) persons or persons who rely on sign language for in-court proceedings and for services that are provided by the Court to the public outside of the courtroom.

E. Scope of Interpreter Funding

Reimbursement payment under this Agreement will only be made to the Court when the cost portion otherwise payable by the Court is paid out of the budget (or budgets, in the case of multi-court collaborative applicants) of the Court responsible for full payment.

2. Payment Structure

A. Hourly Rate

1) Rate for Spoken Language Interpreters

Subject to the maximum compensation allowable under this contract, the AOC will reimburse the Court under this Agreement for 50 percent of the hourly cost and the hourly minimum charges for services provided under this Agreement by AOC-certified, registered, or otherwise court-qualified interpreters. The AOC will reimburse courts not to exceed \$25 an hour for interpreter hourly rates and hourly minimum charges.

2) Rate for Sign Language Interpreters

Subject to the maximum compensation allowable under this contract, the AOC will reimburse the Court under this Agreement for 50 percent of the hourly cost and the hourly minimum charges for services provided under this Agreement. The AOC will reimburse courts not to exceed \$25 an hour for interpreter hourly rates and hourly minimum charges.

3) Salaried Interpreters

Subject to the maximum compensation allowable under this contract, the AOC will reimburse the Court for 50 percent of the cost of staff interpreters meeting the funding conditions for staff interpreters and will reimburse only for their provision of interpreter services, up to a maximum total salary of \$60,000 plus 27 percent in benefits (i.e., state reimbursement = up to \$30,000 of salary plus 13.5 percent in benefits).

4) Contracted Interpreters

Subject to the maximum compensation allowable under this contract, the cost of contracted interpreters who are paid on an hourly basis will be reimbursed under the same conditions as in 2.A and 2.B. The cost of contract interpreters who are paid other than on an hourly basis (e.g., on

a half-day or flat rate basis) will be only reimbursed for the actual number of hours of interpreting provided for each Qualifying Event.

5) Telephone Interpreting Rate

The AOC will reimburse local jurisdictions for up to 50 percent of the cost of using certified, registered, or otherwise qualified interpreters providing interpretation by telephone or videophone for LEP persons or persons who rely on sign language, up to a maximum of \$1.64 per minute (with no minimum service time).

6) Hourly Minimum Rate Charges

Where a minimum hourly rate charge up to \$50 an hour and no greater is imposed for no more than the first two hours, reimbursement will be paid for half of such hourly minimum rate.

7) Excess Charges

Interpreter rates in excess of \$50 an hour or for hourly minimum rates exceeding the first two hours shall be the sole responsibility of the Court.

8) Hourly Rounding

Hourly compensation for services provided shall be charged and paid in 30 minute increments.

B. Travel Time and Mileage

The AOC will reimburse Courts for up to 50 percent of the cost of interpreter travel time or mileage when such charges are in accordance with this Exhibit A and reimbursed as identified below in *Interpreter Travel and Mileage Reimbursement*. In such event, travel time and mileage charges will only be reimbursed for interpreters meeting the funding conditions. The AOC reserves the right to limit travel reimbursement to reasonable travel, based on known availability and location of certified, registered, or otherwise qualified interpreters.

INTERPRETER TRAVEL AND MILEAGE REIMBURSEMENT

Interpreter mileage and/or travel time will be reimbursed as follows:

1. Mileage

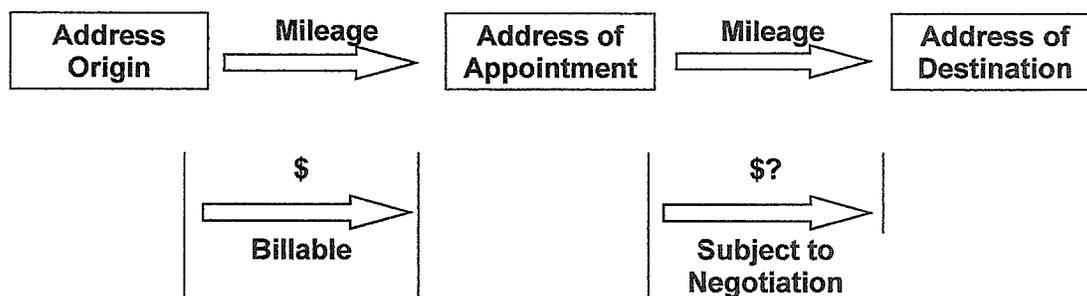

Interpreter mileage will be reimbursed in accordance with the prevailing Office of Financial Management (OFM) Policy and Guidance rate. The Court will notify interpreters of any change in the OFM rate before it becomes effective.

Mileage will be reimbursed on a from "address of origin"¹ to "address of appointment"² basis. The Court and interpreter will negotiate reimbursement for mileage traveled from the "address of appointment" to "address of destination"³ on a case-by-case basis. (NOTE: Courts are encouraged to have a consistent policy regarding the return trip.) In Eastern Washington, due to the scarcity of interpreters and vast distance for portal-to-portal travel, it is recommended that the Court reimburse the interpreter for mileage on an "address of appointment" to "address of destination" or roundtrip basis⁴.

Interpreter mileage related to an appointment is billable if a required party fails to appear. "Failure to appear" means a non-appearance by the LEP or deaf or hard of hearing client, attorneys, witnesses, or any necessary party to a hearing, thereby necessitating a cancellation or continuance of the hearing.

If the interpreter fails to appear, he/she will not be paid for mileage.

Mileage related to appointments that have been cancelled where the interpreter has received prior notice of the cancellation is not billable.

¹ "Address of origin" means the interpreter's home, office, or immediately previous appointment meeting place.

² "Address of appointment" means the courthouse or other location of the interpreter assignment.

³ "Address of destination" means the interpreter's home, office, or immediately next appointment meeting place.

⁴ "Roundtrip" means from the interpreter's home/office to the appointed meeting place, followed by the interpreter's return to their home/office.

2. TRAVEL TIME

Travel time will be reimbursed on a from “address of origin” to “address of appointment” basis. The Court and interpreter will negotiate reimbursement for travel time from “the address of appointment” to “address of final destination” on a case-by-case basis at the time the appointment is requested. (NOTE: Courts are encouraged to have a consistent policy regarding the return trip.) In Eastern Washington, due to the scarcity of interpreters and vast distance for portal-to-portal travel, it is recommended that the Court reimburse the interpreter for travel time on an “address of appointment” to “address of destination” or roundtrip basis.

Interpreters must travel for either a minimum of sixteen (16) miles or for one-half hour in order to be eligible for travel time reimbursement. Exceptions to the sixteen (16) mile minimum requirement shall be made when the use of a ferry contributes to the one-half hour or more of travel time.

Travel time will be reimbursed at a rate of one half the hourly interpreter rate for each hour of travel. Example: Interpreter traveled four hours to an appointment and the hourly rate is \$50. One half of the hourly rate is \$25. The calculation would be $4 \times \$25 = \100 for travel time.

| Distance | Reimbursable |
|---|--|
| Origin  Appointment 0 -15 Miles | Mileage Only |
| Origin  Appointment 16+ Miles or half-hour travel* | Mileage or Travel Time* (but not both) |

*Travel Time can be claimed only when traveling time is half hour (30 minutes) or more.

Interpreter travel time related to an appointment is billable if a required party fails to appear. “Failure to appear” means a non-appearance by the LEP or deaf or hard of hearing client, attorneys, witnesses, or any necessary party to a hearing, thereby necessitating a cancellation or continuance of the hearing.

If the interpreter fails to appear, he/she will not be paid for travel.

Travel time related to appointments that have been cancelled where the interpreter has received prior notice of the cancellation is not billable.

ARTICLE II – ADMINISTRATIVE AND /OR FINANCIAL MANAGEMENT AND ACCOUNTING:

The SUBRECIPIENT shall comply with all applicable state and federal laws, rules, regulations, requirements and program guidance identified or referenced in this Agreement and the informational documents published by FEMA applicable to the 15PDM Grant Program, including, but not limited to, all criteria, restrictions, conditions and requirements of the DHS Award Letter and each of its attachments for Grant No. EMS-2016-PC-0005 dated August 11, 2016, the DHS Notice of Funding Opportunity, FEMA Guidance documents, and the federal regulations commonly applicable to DHS/FEMA grants, all of which are incorporated herein by reference. The DHS Award Letter and its attachments are incorporated in this Agreement as Attachment 6.

The SUBRECIPIENT acknowledges that since this Agreement involves federal award funding, the period of performance described herein may begin prior to the availability of appropriated federal funds. The SUBRECIPIENT agrees that it will not hold the Department, the State of Washington, or the United States liable for any damages, claim for reimbursement, or any type of payment whatsoever for services performed under this Agreement prior to distribution of appropriated federal funds, or if federal funds are not appropriated or in a particular amount.

A. STATE AND FEDERAL REQUIREMENTS FOR DHS/FEMA PRE-DISASTER MITIGATION GRANTS:

The following requirements apply to all DHS/FEMA Pre-Disaster Mitigation Grants administered by the DEPARTMENT.

1. SUBAWARDS & CONTRACTS BY SUBRECIPIENTS

- a. The SUBRECIPIENT must make a case-by-case determination whether each agreement it makes for the disbursement of 15PDM funds received under this Agreement casts the party receiving the funds in the role of a subrecipient or contractor in accordance with 2 CFR 200.330.

2. PROJECT FUNDING

The DEPARTMENT will administer the Pre-Disaster Mitigation grant program and will pass through the federal match. The SUBRECIPIENT will commit the required local match.

- a. The total cost of the project (total project cost) for the purposes of this Agreement is **\$100,000.00** dollars; PROVIDED that, if the total cost of the project when completed, or when this Agreement is terminated, is actually less than this stated total cost, the actual cost shall be substituted herein.

- b. The value of the local match contributions by the SUBRECIPIENT to the project shall be **\$25,000.00** dollars, constituting **25** percent, at minimum, of the total project cost. The SUBRECIPIENT's local match contributions may be cash or in-kind, must be from a non-federal source, must be reasonable, allowable and allocable, and must comply with all Federal requirements and regulations.
- c. When the DEPARTMENT enters into an agreement with the Federal Emergency Management Agency (FEMA) to contribute federal funds to this project, that federal contribution will be no more than **\$75,000.00** dollars, constituting 75 percent, at minimum, of the total project cost, or the allowable federal percentage of the total project cost, whichever is less.
- d. The DEPARTMENT shall not be obligated to pay any amount beyond that being contributed by FEMA as set out in Subsection c above, unless that additional amount has been approved in advance by both the DEPARTMENT and SUBRECIPIENT and is incorporated by written amendment into this Agreement.
- e. A written amendment will be required if the SUBRECIPIENT expects cumulative transfers between project budgets, as identified in the Project Budget (Attachment 5) and Statement of Work and/or Description of Project (Attachment 3), to exceed 10% of the Grant Agreement Amount. Any changes to project budgets other than in compliance with this paragraph will not be reimbursed.
- f. The funding for this project is provided by FEMA grant award. The award letter from FEMA is dated August 11, 2016, and is incorporated in and made a part of this Agreement as Attachment 6.

3. GRANT AGREEMENT PERIOD

Activities payable under this Agreement and to be performed by the SUBRECIPIENT under this Agreement shall only be those after the obligation of federal funds on **May 29, 2015** and shall terminate on **October 30, 2018**. This period shall be referred to herein as the Agreement Period and/or Period of Performance, unless expressly stated otherwise. Costs incurred during the Agreement Period shall include pre-award costs authorized in writing by FEMA as well as eligible costs incurred after the effective date of the Agreement Period and before termination.

- a. The SUBRECIPIENT shall complete the project as described in the FEMA approved project application **WA-2015-005**, incorporated and made a part of this Agreement as Attachment 7, and as described in Attachments 3, 4 and 5. In the event of extenuating circumstances, the SUBRECIPIENT may request, in writing, that the DEPARTMENT extend the deadline for Agreement completion.
The DEPARTMENT may, in its sole discretion, extend the deadline only by written amendment to this Agreement and contingent upon FEMA approval.
- b. No expenditure made, or obligation incurred, before or after the Agreement Period shall be eligible, in whole or in part, for grant funds with the exception of pre-award costs authorized in writing by FEMA. In addition to any other remedy the DEPARTMENT may have under this Agreement, the amounts set out in Article II, section A.2. **Project Funding**, above, may be reduced by the Department in its sole discretion to exclude any such expenditure from participation.
- c. Failure to complete the project in a timely manner, as outlined in Attachment 4, is a material breach of this Agreement for which the DEPARTMENT is entitled to termination or suspension under Attachment 2, section A.35.

4. PROJECT PAYMENT(s)

The DEPARTMENT, using mitigation funds from the Pre-Disaster Mitigation grant program, authorized under Section 203 of the Stafford Act, 42 U.S.C. 5133, shall issue payments to the SUBRECIPIENT as follows:

- a. All payment requests shall be made to the SUBRECIPIENT upon submission and approval of eligible, reimbursable work completed and billed on an A-19 form, State of Washington Invoice Voucher. Approval is subject to receipt of acceptable

documentation by the Department, to include, but not limited to, copies of receipts for all goods and services purchased, copies of invoices from contractors and subcontractors for work completed, and copies of timesheets for staff involved with the project, sign-in/sign-out sheets for donated personnel and/or volunteer time spent on the project, and documentation to support other in-kind contributions.

- b. The DEPARTMENT reserves the right to withhold disbursement of up to 10 percent of the total project cost, as specified in Article II, section A, 2, Project Funding, to the SUBRECIPIENT until the project has been completed and given final approval by the DEPARTMENT.
- c. Final Payment: Final payment of any remaining, or withheld, funds will be made within 60 days after submission by the SUBRECIPIENT of the final report, final A-19, Voucher Distribution, and completion of all final inspections by the DEPARTMENT. Final payment by the DEPARTMENT also may be conditioned upon a financial review, if determined necessary by the DEPARTMENT. Adjustments to the final payment may be made following any audits conducted by the DEPARTMENT, Washington State Auditor's Office or the Department of Homeland Security Office of the Inspector General.
- d. Within the total Grant Amount of this Agreement, budget categories will be reimbursed on an actual cost basis unless otherwise provided in this Agreement.
- e. The maximum amount of all reimbursement requests permitted to be submitted under this Agreement, including the final reimbursement request, is limited to and shall not exceed the total Grant Amount of this Agreement.
- f. For travel costs, SUBRECIPIENTs shall comply with 2 CFR 474 and should consult their internal policies, state rates set pursuant to RCW 43.03.050 and RCW 43.03.060 as now existing or amended, and federal maximum rates set forth at <http://www.gsa.gov>, and follow the most restrictive. If travel costs exceed set state or federal limits, travel costs shall not be reimbursed without written approval by DEPARTMENT's Key Personnel.
- g. Receipts and/or backup documentation for any approved items that are authorized under this Agreement must be maintained by the SUBRECIPIENT consistent with record retention requirements of this Agreement, and be made available upon request by the DEPARTMENT, and local, state, or federal auditors.
- h. The SUBRECIPIENT will submit reimbursement requests to the DEPARTMENT by submitting a properly completed State A-19 Invoice Form, Interagency Electronic Funds Transfer, or Agency/Business invoice with support documentation detailing the expenditures for which reimbursement is sought. Reimbursement requests must be submitted by email to both the DEPARTMENT's Hazard Mitigation Program Coordinator and the Program Manager no later than the due dates listed within the Project Development Schedule (Attachment 4), but not more frequently than monthly.
- i. All work under this Agreement must end on or before the Grant Agreement End Date, and the final reimbursement request must be submitted to the DEPARTMENT within 45 days after the Grant Agreement End Date, except as otherwise authorized by written amendment of this Agreement and issued by the DEPARTMENT.
- j. If applicable, no costs for purchases of equipment/supplies will be reimbursed until the related equipment/supplies have been received by the SUBRECIPIENT, its contractor, or any non-federal entity to which the SUBRECIPIENT makes a subaward, and is invoiced by the vendor.
- k. Failure to timely submit complete reports and reimbursement requests as required by this Agreement will prohibit the SUBRECIPIENT from being reimbursed until such complete reports and reimbursement requests are submitted and the DEPARTMENT has had reasonable time to conduct its review. Final reimbursement requests will not be approved for payment until the SUBRECIPIENT is current with all reporting requirements contained in this Agreement.
- l. SUBRECIPIENTs shall only use federal award funds under this Agreement to supplement existing funds, and will not use them to replace (supplant) non-federal funds that have been budgeted for the same purpose.

The SUBRECIPIENT may be required to demonstrate and document that the reduction in non-federal resources occurred for reasons other than the receipt or expected receipt of federal funds.

5. REPORTING REQUIREMENTS

In addition to the reports as may be required elsewhere in this Agreement, the SUBRECIPIENT shall promptly prepare and submit the following reports to the DEPARTMENT's Key Personnel:

- a. Quarterly progress reports, no later than the 15th day following the end of the fiscal quarter, indicating the status of the project, to include a brief narrative on progress during the quarter. The report shall identify the costs incurred to date, the percentage of work completed, the anticipated completion date of the project, and whether cost under runs or over runs are expected. In addition, the SUBRECIPIENT should note any challenges or issues associated with the project.

Failure to submit a complete quarterly report within 15 days following the end of the quarter will result in suspension of all payments to the SUBRECIPIENT until a complete quarterly report is received by the DEPARTMENT.

- b. A final report when the project is completed, prematurely terminated, or project assistance is terminated. The report shall include a final accounting of all expenditures and a description of work accomplished. If the project is not completed, the report shall contain an estimate of the percentage of completion, and shall indicate the degree of usefulness of the completed project. The report shall account for all expenditures not previously reported and shall include a summary for the entire project.
- c. The SUBRECIPIENT shall submit a quarterly progress report describing current activities as outlined in the Project Development Schedule (Attachment 4).
- d. The SUBRECIPIENT shall submit a Final Report with final reimbursement no later than 45 days after Agreement End Date.
- b. The SUBRECIPIENT shall also comply with the Federal Funding Accountability and Transparency Act (FFATA) and related OMB Guidance consistent with Public Law 109-282 as amended by section 6202(a) of Public Law 110-252 (see 31 U.S.C. 6101 note) and complete and return to the Department the FFATA Form located at <http://mil.wa.gov/emergency-management-division/grants/requiredgrantforms> and return to the Department; which is incorporated by reference and made a part of this Agreement.

6. TIME EXTENSIONS

A time extension request for Agreement completion must be submitted by the SUBRECIPIENT to the DEPARTMENT no later than 60 days before the end of the Period of Performance. A time extension request must be in writing and identify the project, the reason the project has not been completed within the approved Period of Performance, a current status of the completion of the work, a detailed timeline for completion of the remaining elements, and an anticipated completion date for the completion of the remaining work. Failure to timely submit a complete time extension request may result in denial of the time extension and loss of funding for the project.

7. SUBRECIPIENT MONITORING:

- a. The Department will monitor the activities of the SUBRECIPIENT from award to closeout. The goal of the Department's monitoring activities will be to ensure that agencies receiving federal pass-through funds are in compliance with this Agreement, federal and state audit requirements, federal grant guidance, and applicable federal and state financial regulations, as well as 2 CFR Part 200 Subpart F.
- b. To document compliance with 2 CFR Part 200 Subpart F requirements, the SUBRECIPIENT shall complete and return to the Department 2 CFR Part 200 Subpart F Audit Certification Form" located at <http://mil.wa.gov/emergency-management-division/grants/requiredgrantforms> with the signed Agreement and each fiscal year

thereafter until the Agreement is closed, which is incorporated by reference and made a part of this Agreement.

Reg. 21755-21768, (April 18, 2011). The Guidance provides helpful information such as how a recipient can determine the extent of its obligation to provide language services; selecting language services; and elements of an effective plan on language assistance for LEP persons. For additional assistance and information regarding language access obligations, please refer to the DHS Recipient Guidance at <https://www.dhs.gov/guidance-published-help-department-supported-organizations-provide-meaningful-access-people-limited> and additional resources on <http://www.lep.gov>.

No portion of the funds provided herein shall be used for any partisan political activity or to further the election or defeat of any candidate for public office or influence the approval or defeat of any ballot issue.

A.24 PRIVACY

Personal information collected, used or acquired in connection with this Agreement shall be used solely for the purposes of this Agreement. SUBRECIPIENT and its subcontractors agree not to release, divulge, publish, transfer, sell or otherwise make known to unauthorized persons' personal information without the express written consent of the DEPARTMENT or as provided by law or court order. SUBRECIPIENT agrees to implement physical, electronic and managerial safeguards to prevent unauthorized access to personal information.

The DEPARTMENT reserves the right to monitor, audit, or investigate the use of personal information collected, used or acquired by the SUBRECIPIENT through this contract. The monitoring, auditing or investigating may include but is not limited to "salting" by the DEPARTMENT. Salting is the act of placing a record containing unique but false information in a database that can be used later to identify inappropriate disclosure of data contained in the database.

Any breach of this provision may result in termination of the contract and the demand for return of all personal information. The SUBRECIPIENT agrees to indemnify and hold harmless the DEPARTMENT for any damages related to the SUBRECIPIENT's unauthorized use, loss or disclosure of personal information.

Such right of recapture shall exist for the life of the project following Agreement termination. Repayment by the SUBRECIPIENT of funds under this recapture provision shall occur within 30 days of demand.

In the event the DEPARTMENT is required to institute legal proceedings to enforce the recapture provision, the DEPARTMENT shall be entitled to its costs and expenses thereof, including attorney fees from the SUBRECIPIENT.

A.28 RECORDS

- a. - c. The records shall be made available by the SUBRECIPIENT for such inspection and audit, together with suitable space for such purpose, at any and all times during the SUBRECIPIENT's normal working day.
- d. The SUBRECIPIENT shall retain and allow access to all records related to this Agreement and the funded project(s) for a period of at least six (6) years following final payment and closure of the grant under this Agreement. Despite the minimum federal retention requirement of three (3) years, the more stringent State requirement of six (6) years must be followed.

A.29 RESPONSIBILITY FOR PROJECT/STATEMENT OF WORK/WORK PLAN

While the DEPARTMENT undertakes to assist the SUBRECIPIENT with the project/statement of work/work plan (project) by providing Federal award funds pursuant to this Agreement, the project itself remains the sole responsibility of the SUBRECIPIENT.

The DEPARTMENT undertakes no responsibility to the SUBRECIPIENT, or to any third party, other than as is expressly set out in this Agreement.

The responsibility for the design, development, construction, implementation, operation and maintenance of the project, as these phrases are applicable to this project, is solely that of the SUBRECIPIENT, as is responsibility for any claim or suit of any nature by any third party related in any way to the project.

The SUBRECIPIENT shall defend, at its own cost, any and all claims or suits at law or in equity, which may be brought against the SUBRECIPIENT in connection with the project. The SUBRECIPIENT shall not look to the DEPARTMENT, or to any state or federal agency, or to any of their employees or agents, for any performance, assistance, or any payment or indemnity, including but not limited to cost of defense and/or attorneys' fees, in connection with any claim or lawsuit brought by any third party related to any design, development, construction, implementation, operation and/or maintenance of a project.

A.30 SEVERABILITY

If any court of rightful jurisdiction holds any provision or condition under this Agreement or its application to any person or circumstances invalid, this invalidity does not affect other provisions, terms or conditions of the Agreement, which can be given effect without the invalid provision. To this end, the terms and conditions of this Agreement are declared severable.

A.31 SINGLE AUDIT ACT REQUIREMENTS (including all AMENDMENTS)

Non-federal entities, as SUBRECIPIENTS of a federal award, that expend \$750,000 or more in one fiscal year of federal funds from all sources, direct and indirect, are required to have a single or a program-specific audit conducted in accordance with 2 CFR Part 200 Subpart F Non-federal entities that spend less than \$750,000 a year in federal awards are exempt from federal audit requirements for that year, except as noted in 2 CFR Part 200 Subpart F. As defined in 2 CFR Part 200, the term "non-federal entity" means a State, local government, Indian tribe, institution of higher education, or non-profit organization that carries out a federal award as a recipient or SUBRECIPIENT.

SUBRECIPIENTS that are required to have an audit must ensure the audit is performed in accordance with Generally Accepted Government Auditing Standards (GAGAS) as found in the Government Auditing Standards (the Revised Yellow Book) developed by the United States Comptroller General and the OMB Compliance Supplement. The SUBRECIPIENT has the responsibility of notifying its auditor and requesting an audit in compliance with 2 CFR Part 200 Subpart F, to include the Washington State Auditor's Office, a federal auditor, or a public accountant performing work using GAGAS, as appropriate. Costs of the audit may be an allowable grant expenditure as authorized by 2 CFR Part 200 Subpart F.

The SUBRECIPIENT shall maintain auditable records and accounts so as to facilitate the audit requirement and shall ensure that any sub-contractors also maintain auditable records.

The SUBRECIPIENT is responsible for any audit exceptions incurred by its own organization or that of its sub-contractors. Responses to any unresolved management findings and disallowed or questioned costs shall be included with the audit report. The SUBRECIPIENT must respond to DEPARTMENT requests for information or corrective action concerning audit issues or findings within 30 days of the date of request. The DEPARTMENT reserves the right to recover from the SUBRECIPIENT all disallowed costs resulting from the audit.

Once the single audit has been completed and it includes any audit findings, the SUBRECIPIENT must send a full copy of the audit to the DEPARTMENT and its corrective action plan no later than nine (9) months after the end of the SUBRECIPIENT's fiscal year(s) to:

**Contracts Office
Washington Military Department
Finance Division, Building #1 TA-20
Camp Murray, WA 98430-5032**

If SUBRECIPIENT claims it is exempt from the audit requirements of 2 CFR Part 200 Subpart F, SUBRECIPIENT must send a letter identifying this Agreement and explaining the criteria for exemption no later than nine (9) months after the end of the SUBRECIPIENT fiscal year(s) to the address listed above.

The DEPARTMENT retains the sole discretion to determine whether a valid claim for an exemption from the audit requirements of this provision has been established.

The SUBRECIPIENT shall include the above audit requirements in any subawards.

Conducting a single or program-specific audit in compliance with 2 CFR Part 200 Subpart F is a material requirement of this Agreement. In the absence of a valid claim of exemption from the audit requirements of 2 CFR Part 200 Subpart F, the SUBRECIPIENTs failure to comply with said audit requirements may result in one or more of the following actions in the DEPARTMENT's sole discretion: a percentage of federal awards being withheld until the audit is completed in accordance with 2 CFR Part 200 Subpart F; the withholding or disallowing of overhead costs; the suspension of federal awards until the audit is conducted and submitted; or termination of the federal award.

A.32 SUBRECIPIENT NOT EMPLOYEE

The parties intend that an independent contractor relationship will be created by this Agreement. The SUBRECIPIENT, and/or employees or agents performing under this Agreement are not employees or agents of the DEPARTMENT in any manner whatsoever. The SUBRECIPIENT will not be presented as nor claim to be an officer or employee of the DEPARTMENT by reason of this Agreement, nor will the SUBRECIPIENT make any claim, demand, or application to or for any right or privilege applicable to an officer or employee of the DEPARTMENT or of the State of Washington by reason of this Agreement, including, but not limited to, Workmen's Compensation coverage, unemployment insurance benefits, social security benefits, retirement membership or credit, or privilege or benefit which would accrue to a civil service employee under Chapter 41.06 RCW.

It is understood that if the SUBRECIPIENT is another state department, state agency, state university, state college, state community college, state board, or state commission, that the officers and employees are employed by the state of Washington in their own right and not by reason of this Agreement.

A.33 TAXES, FEES AND LICENSES

Unless otherwise provided in this Agreement, the SUBRECIPIENT shall be responsible for, pay and maintain in current status all taxes, unemployment contributions, fees, licenses, assessments, permit charges and expenses of any other kind for the SUBRECIPIENT or its staff required by statute or regulation that are applicable to Agreement performance.

A.34 TERMINATION FOR CONVENIENCE

Notwithstanding any provisions of this Agreement, the SUBRECIPIENT may terminate this Agreement by providing written notice of such termination to the DEPARTMENT's Key Personnel identified in the Agreement, specifying the effective date thereof, at least thirty (30) days prior to such date.

Except as otherwise provided in this Agreement, the DEPARTMENT, in its sole discretion and in the best interests of the State of Washington, may terminate this Agreement in whole or in part by providing ten (10) calendar days written notice, beginning on the second day after mailing to the SUBRECIPIENT. Upon notice of termination for convenience, the DEPARTMENT reserves the right to suspend all or part of the Agreement, withhold further payments, or prohibit the SUBRECIPIENT from incurring additional obligations of funds. In the event of termination, the SUBRECIPIENT shall be liable for all damages as authorized by law. The rights and remedies of the DEPARTMENT provided for in this section shall not be exclusive and are in addition to any other rights and remedies provided by law.

A.35 TERMINATION OR SUSPENSION FOR CAUSE

In the event the DEPARTMENT, in its sole discretion, determines the SUBRECIPIENT has failed to fulfill in a timely and proper manner its obligations under this Agreement, is in an unsound financial condition so as to endanger performance hereunder, is in violation of any laws or regulations that

render the SUBRECIPIENT unable to perform any aspect of the Agreement, or has violated any of the covenants, agreements or stipulations of this Agreement, the DEPARTMENT has the right to immediately suspend or terminate this Agreement in whole or in part.

The DEPARTMENT may notify the SUBRECIPIENT in writing of the need to take corrective action and provide a period of time in which to cure. The DEPARTMENT is not required to allow the SUBRECIPIENT an opportunity to cure if it is not feasible as determined solely within the DEPARTMENT's discretion. Any time allowed for cure shall not diminish or eliminate the SUBRECIPIENT liability for damages or otherwise affect any other remedies available to the DEPARTMENT. If the DEPARTMENT allows the SUBRECIPIENT an opportunity to cure, the DEPARTMENT shall notify the SUBRECIPIENT in writing of the need to take corrective action. If the corrective action is not taken within ten (10) calendar days or as otherwise specified by the DEPARTMENT, or if such corrective action is deemed by the DEPARTMENT to be insufficient, the Agreement may be terminated in whole or in part.

The DEPARTMENT reserves the right to suspend all or part of the Agreement, withhold further payments, or prohibit the SUBRECIPIENT from incurring additional obligations of funds during investigation of the alleged compliance breach, pending corrective action by the SUBRECIPIENT, if allowed, or pending a decision by the DEPARTMENT to terminate the Agreement in whole or in part.

In the event of termination, the SUBRECIPIENT shall be liable for all damages as authorized by law, including but not limited to, any cost difference between the original Agreement and the replacement or cover Agreement and all administrative costs directly related to the replacement Agreement, e.g., cost of administering the competitive solicitation process, mailing, advertising and other associated staff time. The rights and remedies of the DEPARTMENT provided for in this section shall not be exclusive and are in addition to any other rights and remedies provided by law.

If it is determined that the SUBRECIPIENT: (1) was not in default or material breach, or (2) failure to perform was outside of the SUBRECIPIENT's control, fault or negligence, the termination shall be deemed to be a "Termination for Convenience".

A.36 TERMINATION PROCEDURES

In addition to the procedures set forth below, if the DEPARTMENT terminates this Agreement, the SUBRECIPIENT shall follow any procedures specified in the termination notice. Upon termination of this Agreement and in addition to any other rights provided in this Agreement, the DEPARTMENT may require the SUBRECIPIENT to deliver to the DEPARTMENT any property specifically produced or acquired for the performance of such part of this Agreement as has been terminated.

If the termination is for convenience, the DEPARTMENT shall pay to the SUBRECIPIENT agreed upon price, if separately stated, for properly authorized and completed work and services rendered or goods delivered to and accepted by the DEPARTMENT prior to the effective date of Agreement termination, and the amount agreed upon by the SUBRECIPIENT and the DEPARTMENT for (i) completed work and services and/or equipment or supplies provided for which no separate price is stated, (ii) partially completed work and services and/or equipment or supplies provided which are accepted by the DEPARTMENT, (iii) other work, services and/or equipment or supplies which are accepted by the DEPARTMENT, and (iv) the protection and preservation of property.

Failure to agree with such amounts shall be a dispute within the meaning of the "Disputes" clause of this Agreement. If the termination is for cause, the DEPARTMENT shall determine the extent of the liability of the DEPARTMENT. The DEPARTMENT shall have no other obligation to the SUBRECIPIENT for termination. The DEPARTMENT may withhold from any amounts due the SUBRECIPIENT such sum as the DEPARTMENT determines to be necessary to protect the DEPARTMENT against potential loss or liability.

The rights and remedies of the DEPARTMENT provided in this Agreement shall not be exclusive and are in addition to any other rights and remedies provided by law.

After receipt of a notice of termination, and except as otherwise directed by the DEPARTMENT in writing, the SUBRECIPIENT shall:

- a. Stop work under the Agreement on the date, and to the extent specified, in the notice;

- b. Place no further orders or sub-contracts for materials, services, supplies, equipment and/or facilities in relation to this Agreement except as may be necessary for completion of such portion of the work under the Agreement as is not terminated;
- c. Assign to the DEPARTMENT, in the manner, at the times, and to the extent directed by the DEPARTMENT, all of the rights, title, and interest of the SUBRECIPIENT under the orders and sub-contracts so terminated, in which case the DEPARTMENT has the right, at its discretion, to settle or pay any or all claims arising out of the termination of such orders and contracts;
- d. Settle all outstanding liabilities and all claims arising out of such termination of orders and contracts, with the approval or ratification of the DEPARTMENT to the extent the DEPARTMENT may require, which approval or ratification shall be final for all the purposes of this clause;
- e. Transfer title to the DEPARTMENT and deliver in the manner, at the times, and to the extent directed by the DEPARTMENT any property which, if the Agreement had been completed, would have been required to be furnished to the DEPARTMENT;
- f. Complete performance of such part of the work as shall not have been terminated by the DEPARTMENT in compliance with all contractual requirements; and
- g. Take such action as may be necessary, or as the DEPARTMENT may require, for the protection and preservation of the property related to this Agreement which is in the possession of the SUBRECIPIENT and in which the DEPARTMENT has or may acquire an interest.

A.37 UTILIZATION OF MINORITY AND WOMEN BUSINESS ENTERPRISES (MWBE)

The SUBRECIPIENT is encouraged to utilize business firms that are certified as minority-owned and/or women-owned in carrying out the purposes of this Agreement. The SUBRECIPIENT may set utilization standards, based upon local conditions or may utilize the state of Washington MWBE goals, as identified in WAC 326-30-041.

A.38 VENUE

This Agreement shall be construed and enforced in accordance with, and the validity and performance shall be governed by, the laws of the state of Washington. Venue of any suit between the parties arising out of this Agreement shall be the Superior Court of Thurston County, Washington. The SUBRECIPIENT, by execution of this Agreement acknowledges the jurisdiction of the courts of the State of Washington.

A.39 WAIVERS

No conditions or provisions of this Agreement can be waived unless approved in advance by the DEPARTMENT in writing. The DEPARTMENT's failure to insist upon strict performance of any provision of the Agreement or to exercise any right based upon a breach thereof, or the acceptance of any performance during such breach, shall not constitute a waiver of any right under this Agreement.

STATEMENT OF WORK AND/OR DESCRIPTION OF PROJECT

SUBRECIPIENT: City of Everett Office of Emergency Management
 PROJECT TITLE: City of Everett Hazard Mitigation Plan Update

The purpose of this project is for the City of Everett Office of Emergency Management to update their multi hazard mitigation plan that meets the requirements of 44 CFR part 201.6.

A specific and more detailed statement of work is found in the FEMA approved Project Application WA-2015-005 (Attachment 7).

City of Everett Office of Emergency Management Agrees To:

1. Comply with the terms of this Agreement and all Attachments, including but not limited to, accomplish tasks and conditions outlined in the Statement of Work And/Or Description of Project (Attachment 3), comply with the Project Development Schedule (Attachment 4), and comply with the Project Budget (Attachment 5).
2. Submit quarterly reports that cover the previous three months no later than the 15th of the following month (or the next work day) in January, April, July and October until all requirements are fulfilled. Quarterly reports are required regardless of the level of work completed during the reporting period. Quarterly reports must include sufficient narrative to determine the degree to which the project has been implemented, the estimated time for completion, and significant developments such as delays or adverse conditions that might raise costs or delay completion, as well as favorable conditions allowing lower costs or earlier completion. Failure of the SUBRECIPIENT to submit a complete quarterly report within 15 days following the end of the quarter will result in suspension of all payments until a complete quarterly report is received by the DEPARTMENT.
3. Submit pen-and-ink signed, approved invoice vouchers (state form A-19) for eligible, reimbursable work completed, no more frequently than monthly and no less frequently than quarterly. Each billing must identify the task(s) completed and any other funding identification pertinent to the task(s), including match. Supporting documentation is required for all costs, to include tracking of staff time spent on the project through timesheets or other documentation approved by the DEPARTMENT; dated invoices from all contractors and subcontractors for work completed; dated invoices for goods and services purchased; and documentation tracking in-kind contributions of personnel, equipment and supplies, if used on the project. Project costs must be tracked and reported by approved budget cost categories as found in Project Budget (Attachment 5). Documentation of expenditures by approved budget cost categories should be made on a separate spreadsheet or table and included with each A-19, along with documentation to substantiate all project costs.
4. Return by DEPARTMENT staff of invoices to the SUBRECIPIENT if the SUBRECIPIENT is unable to provide sufficient documentation to staff within 15 calendar days of the staff's written request for additional documentation to support the reimbursement request.
5. Submit a signed final project report before final reimbursement is made by the DEPARTMENT.
6. Programmatic, Environmental And Historic Preservation Conditions
 In completing this project, the SUBRECIPIENT must adhere to the following programmatic, environmental and historic preservation conditions:
 - a. Scope of Work Change: Requests for changes to the Scope of Work after grant award are permissible as long as they do not change the nature or total project cost of the activity, properties identified in the application, the feasibility and effectiveness of the project, or reduce the Benefit Cost Ratio below 1.0. Requests must be supported by adequate justification, including a description of the proposed change; a written explanation of the reason or reasons for the change; an outline of remaining funds available to support the change; and a full description of the work necessary to complete the activity.
 A proposed change to the approved Scope of Work (as presented in the FEMA approved project application) must be submitted to the DEPARTMENT and FEMA in advance of implementation for re-evaluation for compliance with National Environmental Policy Act (NEPA) and other Laws and Executive Orders.

Prior approval for a change to the approved Scope of Work must be obtained from the DEPARTMENT and FEMA before the change is implemented. Failure to obtain prior approval for a revised Scope of Work could result in ineligibility of resulting costs.

- b. Comply with all applicable federal, state and local laws and regulations. Failure to obtain all appropriate federal, state and local environmental permits and clearances may jeopardize federal funding provided by this Agreement.
- c. Monitor site work during ground-disturbing activities for evidence of potential archaeological resources that are uncovered. SUBRECIPIENT must halt the project in the event historically or archaeologically significant materials or sites (or evidence thereof) are discovered. By way of example, such evidence may include, but is not limited to, artifacts such as arrowheads, bone fragments, pottery shards, and features such as fire pits or structural elements. All reasonable measures must be taken to avoid or minimize harm to such resources until such time as the SUBRECIPIENT notifies the DEPARTMENT, and FEMA, in consultation with the State Historic Preservation Officer (SHPO) and appropriate Native American tribes, determines appropriate measures have been taken to ensure that the project is in compliance with the National Historic Preservation Act. In addition, upon discovery of human skeletal remains, the SUBRECIPIENT is required by state law to notify the county coroner and local law enforcement in the most expeditious manner possible and to immediately stop any activity which may cause further ground disturbance.
- d. Determine the presence of hazardous materials and/or toxic waste, and identifying, handling, managing, abating and disposing of such materials in accordance with the requirements and to the satisfaction of the governing local, state and federal agencies, including but not limited to the Washington Department of Ecology. Such materials may include, but are not limited to, asbestos, lead-based paint, propane cylinders, sand blasting residue, discarded paints and solvents, cleaning chemicals, containers of pesticides, lead-acid batteries, items containing chlorofluorocarbons (CFCs), motor oil and used oil filters, and unlabeled tanks or containers.
- e. Confirm with the State Department of Ecology whether this project will require a consistency determination under the Coastal Zone Management Act. If required, the SUBRECIPIENT shall obtain and comply with all requirements of the determination prior to starting the project.
- f. Select, implement, monitor, and maintain Best Management Practices (BMPs) to control soil erosion and sedimentation, reduce spills and pollution, and provide habitat protection. The acquisition site shall be stabilized from erosion and silt laden runoff by implementing these BMPs and securing the site from transient vehicle access. Any excavation and/or grading shall be done within and/or adjacent to the existing building footprint area and not beyond undisturbed portions of the site.

The Military Department Agrees To:

1. Provide staff coordination and input regarding grant administration for funding and technical assistance for project and reviews for mitigation construction projects, as necessary.
2. Except as otherwise provided in Article II, A. 4. of this Agreement, reimburse City of Everett Department of Emergency Management within 30 days of receipt and approval of signed, dated invoice voucher(s) (state form A-19) with sufficient documentation of costs to include completion of tasks to date and dated invoices for goods and services purchased. Costs must be categorized according to the budget item and cost classification shown in the Project Budget (Attachment 5). The DEPARTMENT will return invoices to the SUBRECIPIENT if the SUBRECIPIENT is unable to provide sufficient documentation within 15 calendar days of the DEPARTMENT's written request for additional documentation to support the reimbursement request.

ARTICLE VII. TERMS AND CONDITIONS

The specific terms and conditions of this agreement are as follows:

Federal Funding Accountability and Transparency Act:

The Federal Funding Accountability and Transparency Act (FFATA) of 2006 (2 CFR Part 170) requires Recipients to report certain information about themselves and their first-tier Subrecipients for each Federal award of \$25,000 or more awarded on or after October 1, 2010. (See attached APPENDIX A to Part 170-Award term).

ASSURANCE COMPLIANCE:

The certifications signed by the Recipient in the application relating to maintenance of a Drug-Free Workplace (44 CFR Part 17, Subpart F) and New Restrictions on Lobbying (44 CFR Part 18) apply to this grant agreement and are incorporated by reference.

Prohibition on Using Federal Funds.

The Recipient understands and agrees that it cannot use any Federal funds, either directly or indirectly, in support of the enactment, repeal, modification or adoption of any law, regulation or policy, at any level of government, without the express prior written approval of FEMA.

Compliance with Program Guidance.

The Recipient agrees that all use of funds under this Grant Agreement will be in accordance with the Unified Hazard Mitigation Assistance Guidance at the time of the application.

BUDGET REVISIONS:

The Recipient shall follow prior approval requirements for budget revisions found in 2 CFR Part 200. Transfer of funds between total direct cost categories in the approved budget shall receive the prior approval of FEMA when such cumulative transfers among those direct cost categories exceed ten percent of the total budget.

If a Recipient estimates that it will have obligated funds remaining after the end of the performance period, the Recipient must report this to the FEMA Regional Office at the earliest possible time and ask for disposition instructions.

Acceptance of Post Award Changes

In the event FEMA determines that changes are necessary to the award document after an award has been made, including changes to period of performance or terms and conditions, Recipients will be notified of the changes in writing. Once notification has been made, any subsequent drawdown of additional funds will indicate the Recipient's acceptance of the changes to the award.

CLOSEOUT:

Reports Submission: Per 2 CFR Part 200, when the appropriate grant award performance period expires, the Recipient shall submit the following documents within 90 days: (1) a final Financial Report; (2) final Program Performance Report; (3) an inventory of equipment purchased under each grant's funds; (4) an inventory of Federally-owned property; and (5) other required documents specified by program regulation.

Report Acceptance: FEMA shall review the Recipient reports, perform the necessary financial reconciliation, negotiate necessary adjustments between the Recipient and FEMA's records, and close out the grant in writing.

Record Retention: Records shall be retained for 3 years (except in certain rare circumstances) from the date the final Federal Financial Report is submitted to FEMA in compliance with 2 CFR Part 200.

CONSTRUCTION PROJECT REQUIREMENTS:

1. Acceptance of Federal funding requires FEMA, the Recipient and any Subrecipients to comply with all Federal, state and local laws prior to the start of any construction activity. Failure to obtain all appropriate Federal, state and local environmental permits and clearances may jeopardize Federal funding.
2. Any change to the approved scope of work will require re-evaluation by FEMA for Recipient and Subrecipient compliance with the National Environmental Policy Act and other laws and Executive Orders.
3. If ground disturbing activities occur during construction, the Recipient and any Subrecipients must ensure monitoring of ground disturbance and, if any potential archeological resources are discovered, the Subrecipient will immediately cease construction in that area and notify the Recipient and FEMA.

COPYRIGHT:

The Recipient is free to copyright any original work developed in the course of or under this Grant Agreement. FEMA reserves a royalty-free, nonexclusive and irrevocable right to reproduce, publish or otherwise use, and to authorize others to use the work for Government purposes. Any publication resulting from work performed under this agreement shall include an acknowledgement of FEMA financial support and a statement that the publication does not constitute an endorsement by FEMA or reflect FEMA views.

COST SHARE:

The Recipient shall follow cost-sharing requirements mandated by program guidance, statute or regulation and in compliance with 2 CFR Part 200. Cost-share funding shall be available with the approval of each grant. Period of Performance extensions shall not be approved for delays caused by lack of cost-share funding.

ENFORCEMENT:

FEMA enforcement remedies shall be processed as specified in 2 CFR Part 200, Enforcement when the Terms and Conditions of this Grant Agreement are not met.

EQUIPMENT/SUPPLIES:

The Recipient must comply with the regulations listed in 2 CFR Part 200 and must be in compliance with state laws and procedures.

FUNDS TRANSFER:

No transfer of funds to agencies other than those identified in the approved Grant Agreement shall be made without prior approval of FEMA.

INSURANCE:

In compliance with Public Law 103-325, Title V National Flood Insurance Reform Act of 1973, section 582 requires that any person receiving Federal assistance for the repair, replacement, or restoration for damage to any personal or residential property at any time must maintain flood insurance if the property is located in a Special Flood Hazard Area.

PAYMENT:

Recipient shall be paid using the FEMA Payment and Reporting System (PARS), provided Recipient maintains and complies with procedures for minimizing the time between transfer of funds from the US Treasury and disbursement by the Recipient and Subrecipients. The Recipient commits itself to: 1) initiating cash drawdowns only when actually needed for its disbursement; 2) timely financial reporting per FEMA requirements, using the SF-425; and 3) imposing the same standards of timing and amount upon any Subrecipient.

Subrecipients must comply with the same payment requirement as the Recipient and must comply with the requirements specified in the Recipient's subaward Agreement.

DUPLICATION OF PROGRAMS:

FEMA will not provide assistance under its programs for activities that FEMA determines another Federal program has a more specific or primary authority to provide. FEMA also will not provide assistance for the applicant or subapplicant's legal obligations. FEMA may disallow or recoup amounts that duplicate funding from other authorities.

DUPLICATION OF BENEFITS:

Hazard Mitigation Assistance (HMA) funds cannot duplicate or be duplicated by funds received by or available to Applicants, subapplicants, or project or planning participants from other sources for the same purpose, such as benefits received from insurance claims, other assistance programs (including previous project or planning grants and subawards from HMA programs), legal awards, or other benefits associated with properties or damage that are or could be subject of litigation.

Because the availability of other sources of mitigation grant or loan assistance is subject to available information and the means of each individual applicant, HMA does not require proof that other assistance (not including insurance) has been sought. However, it is the responsibility of the property owner to report other benefits received, any applications for other assistance, the availability of insurance proceeds, or the potential for other compensation, such as from pending legal claims for damages, relating to the property. Amounts of other grants, loans or other assistance designated for the same purpose as HMA funds, if received, may be used to reduce the non-Federal cost-share.

Where the property owner has an insurance policy covering any loss to the property which relates to the proposed HMA project, the means are available for receiving compensation for a loss or, in the case of increased cost of compliance (ICC), assistance toward a mitigation project. FEMA will generally require that the property owner file a claim prior to the receipt of HMA funds.

NON DISCRIMINATION:

The program must be administered in an equitable and impartial manner, without discrimination on the grounds of race, color, religion, nationality, sex, age, or economic status. The program complies with Title VI of the 1964 Civil Rights Act and other applicable laws. All applicants/Recipients must comply with Title VI, including State and local governments distributing Federal assistance.

Applicants/Recipients and Subapplicants/Subrecipients will ensure that no discrimination is practiced. Applicants must consider fairness, equity, and equal access when prioritizing and selecting project subapplications to submit with their application. Subapplicants and Subrecipients must ensure fairness, equity and equal access when consulting and making offers of mitigation to property owners that benefit from mitigation activities.

CHANGES IN SCOPE OF WORK:

Requests for changes to the scope of work (SOW) after award are permissible as long as they do not change the nature or total project cost of the activity, properties identified in the subapplication, the feasibility and effectiveness of the project, or the benefit cost ratio. Requests must be supported by adequate justification from the applicant in order to be processed. The justification is a description of the proposed change, a written explanation of the reason or reasons for the change; an outline of remaining funds available to support the change; and a full description of the work necessary to complete the activity. All approvals will be at FEMA's discretion, and there is no guarantee that SOW changes will be approved.

PERFORMANCE PERIODS:

All grant award activities, including all projects and/or activities approved under each subaward, shall be completed within the time period prescribed and authorized on the obligating documents. All costs must be incurred within the approved performance period.

EXTENSIONS:

Requests for time extensions to the Period of Performance will be considered but will not be granted automatically and must be supported by adequate justification submitted to the Regional Office in order to be processed. This justification is a written explanation of the reason or reasons for the delay; an outline of remaining funds available to support the extended Period of Performance; and a description of performance measures necessary to complete the activity. Without justification, extensions requests will not be processed. Financial and Performance reports must be current in order for a time extension to be considered.

RECOUPMENT OF FUNDS:

FEMA will recoup mitigation planning grant funds for grants that do not meet the deliverable criteria of an adopted, FEMA-approved mitigation plan by the end of the performance period.

RECOVERY OF FUNDS:

The Recipient will process the recovery of assistance paid to Subrecipients processed through error, misrepresentation, or fraud or if funds are spent inappropriately. Recovered funds shall be submitted to FEMA as soon as the funds are collected, but no later than 90 days from the expiration date of the appropriate grant award agreement.

All fraud identifications will be reported to the FEMA Inspector General's office. The Recipient agrees to cooperate with investigation conducted by the FEMA Inspector General's office.

REFUND, REBATE, CREDITS:

The Recipient shall transfer to FEMA the appropriate share, based on the Federal support percentage, of any refund, rebate, credit or other amounts arising from the performance of this agreement, along with accrued interest, if any. The Recipient shall take necessary action to effect prompt collection of all monies due or which may become due and to cooperate with FEMA in any claim or suit in connection with amounts due.

REPORTS:

Federal Financial Reports (SF-425):

The Recipient shall submit the Federal Financial Report (FFR, SF-425) within 30 days of the end of the first Federal quarter following the initial Grant Agreement. The Recipient shall submit quarterly FFRs thereafter until the grant ends. Reports are due on January 30, April 30, July 30, and October 30. A report must be submitted for every quarter of the period of performance, including partial calendar quarters, as well as for periods where no grant activity occurs. Future awards and fund drawdowns may be withheld if these reports are delinquent.

Program Performance Reports (SF-PPR):

The Recipient shall submit the Program Performance Reports (SF-PPR) within 30 days of the end of each quarter. The Regional Administrator may waive the initial report. The Recipient shall submit quarterly PPRs thereafter until the grant ends. Reports are due on January 30, April 30, July 30, and October 30. PPRs shall report the name, completion status, expenditure, and payment-to-date of each approved activity/subaward award under the Grant Award.

Final Reports:

The Recipient shall submit a final FFR and PPR 90 days after the end date of the performance period.

TERMINATION:

The Recipient, Subrecipient, or FEMA may terminate grant award agreements by giving written notice to the other party at least seven (7) calendar days prior to the effective date of the termination. All notices are to be transmitted via registered or certified mail, return receipt requested. The Recipient's authority to incur new costs will be terminated upon the date of receipt of the notice or the date set forth in the notice. Any costs incurred up to the earlier of the date of the receipt of the notice or the date of termination set forth in the notice will be negotiated for final payment. Close out of the Grant Agreement will be commenced and processed as prescribed under Article VII. 3.

ARTICLE VIII. GOVERNING PROVISIONS

The Recipient and any Subrecipients shall comply with all applicable laws and regulations. A non-exclusive list of laws and regulations commonly applicable to FEMA grants is attached hereto for reference only.

FEMA

**National Environmental Policy Act (NEPA)
PROGRAMMATIC CATEGORICAL EXCLUSION
STUDIES, PLANS, REGULATIONS, AND GUIDANCE**

Background: FEMA provides funding assistance to applicants via various mitigation grant programs including the Flood Mitigation Assistance Program, Pre-Disaster Grant Program, and Hazard Mitigation Grant Program; to prepare plans or studies. Plans (or updates) include those prepared per the Disaster Mitigation Act of 2000 and identify community hazards and vulnerabilities; and outline preparedness, response, recovery, and mitigation measures to eliminate or reduce disaster damage and associated costs. Studies may evaluate specific hazards and infrastructure vulnerabilities. The purpose of this Programmatic Categorical Exclusion (PCE) is to streamline the process for compliance with NEPA for such actions.

Action Description: Activities meet the Categorical Exclusion definitions of 44 CFR Part 10.8(d)(2)(ii) "preparation, revision, and adoption of regulations, directives, manuals, and other guidance documents related to actions that qualify for a categorical exclusion; and 44 CFR Part 10.8(d)(2)(iii) "studies that involve no commitment of resources other than manpower and funding" and may include but not be limited to:

- drafting preparedness, response, recovery, or hazard mitigation plans
- development of geographic information or systems
- conducting feasibility studies
- development of infrastructure inventories
- preparing appraisals
- drafting regulations
- preparation of outreach and guidance materials

This PCE *does not* include project specific architectural and engineering plans or studies associated with phased FEMA grant-funded projects.

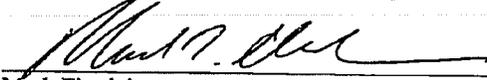

Conditions: The actions qualifying for this PCE must meet the following conditions:

- No regulatory changes can affect the physical environment;
- No funding can be used for implementation of actions identified in a plan or study.

Conclusion: It has been determined that above listed action qualifies for this PCE, has no Extraordinary Circumstances per 44 CFR Part 10.8(d)(3), and that it would have no effect on natural resources or the human environment. Work may proceed if otherwise eligible and approved by the Program. Any change to the approved scope of work will require re-evaluation for compliance with the NEPA. Non-compliance with this requirement may jeopardize receipt of funds.

Documentation: For each project this PCE is applied to, the Program Specialist must certify that the project is consistent with the criteria outlined above. For the administrative record, a copy of the PCE shall be placed in the project grant file.

Option that describes the intent of this planning application:

Update

If a plan update, describe the evaluation process of the existing plan for its strengths, weaknesses and utility:

The contract team, with the assistance of the Emergency Management Director (Director), will evaluate the existing 2011 City of Everett Hazard Mitigation Plan to identify where new or updated information will be incorporated. The team will conduct a section by section inventory of the existing plan to identify where any gaps in information exist. The contract team will review the identified hazards as well as the existing plan's goals and action items and consider revising them if warranted by changing conditions in the City of Everett. The contract team will also review the existing plan's implementation strategies for the action items to determine if they have been effective and are still relevant or need to be revised.

Describe the process for implementing this planning activity, including the following plan development requirements: 1) participation of agencies, stakeholders and the public; 2) hazard identification and risk/vulnerability assessment; 3) mitigation strategy; 4) plan adoption; and 5) plan maintenance:

Everett OEM will hire a contractor to update the Everett Hazard Mitigation Plan. The Emergency Management Director (Director) will oversee and work with the selected contractor team. The contractor team will report to the Director and be responsible for several key activities. It is estimated to take four weeks to bring a contractor on board. The contractor team, with the support of the Director, will conduct partner agency, stakeholder, and public engagement in the plan update process. They will use public forums, collaborative meetings, press releases, web-based tools, social media, and other means to encourage participation from the community. The contractor team will establish public meeting schedules through the City of Everett's Council of Neighborhoods for citizens, business, and government and education stakeholders to participate. The contractor team will compile public input gathered through engagement activities to apply to updating the mitigation goals and the City of Everett Hazard Inventory and Vulnerability Analysis (HIVA). Everett's World Café style public forum for the City of Everett 2011 Hazard Mitigation Plan update was recognized as a successful community involvement approach in FEMA's Local Mitigation Planning. Everett Emergency Management and the contractor team will explore utilizing this method or a modified version of it to engage

the public in the community involvement portions in the update. Public involvement activities are estimated to take 12 weeks to complete. In addition to updating the Hazard Mitigation Plan, the contractor team will also update the Everett Hazard Inventory and Vulnerability Analysis (HIVA). The contractor team will review the HIVA to determine where new or updated information will be incorporated, especially as it relates to changing conditions in the City of Everett and the input collected from stakeholders and the public. The list of hazards in the HIVA may be modified based on stakeholder and community input and new data analysis. The updated HIVA will be used to influence and guide the updated mitigation strategy. It is estimated to take 12 weeks to review and update Everett's current HIVA. The contractor team, with support from the Director, will update the existing Everett Hazard Mitigation Plan. The input collected from partners, stakeholders, and the public will be used to establish Hazard Mitigation Plan Goals, inform the mitigation actions, and assist in the implementation of the identified mitigation actions. The contract team will gather other existing plans (including Everett's HIVA update) and applicable policies and ordinances and incorporate them into the plan update. The contractor team may also assist on new Everett Hazard Mitigation Plan annexes or updating existing ones like the Everett Economic Mitigation Plan. The updated Everett Hazard Mitigation Plan will be evaluated against other relevant plans and integrated with them. This task is estimated to take 12 weeks. The Director will facilitate the review and comment period with the State and the Federal Emergency Management Agency (FEMA). The submission and review process is estimated to take 12 weeks. After FEMA's review and subject to promulgation, the draft plan is presented to City Council at a regular meeting for authorization of adoption and promulgation by the Mayor. Following the City Council's vote, the Mayor promulgates within two weeks. The Everett Emergency Management staff will oversee the dissemination of the updated plan to stakeholders and the public immediately after adoption and promulgation. This step is estimated to take four weeks to complete. The contractor team will document the planning process, who participated, research conducted, and public participation input. A plan maintenance mechanism will be updated by the contractor team to ensure continued monitoring by Everett Emergency Management of overall hazard mitigation goals, mitigation actions, and implementation timelines.

What are the primary sources of information and data and how it will be incorporated into existing planning mechanisms?

The information and data incorporated into the existing planning mechanisms will come from multiple different sources. First the contractor team will compile information from research (including historical, hazard related, demographic, and other types of information related to the City of Everett) and analysis of other City of Everett and partner plans as well as applicable policies and ordinances to ensure integration of the updated Everett Hazard Mitigation Plan. The other primary source of information and data comes from the public and partner engagement process. The contract team, with the support of the Director, will establish a schedule for community and stakeholder engagement. These forums will be used to collect input that will be used to guide the update of Everett's HIVA and Hazard Mitigation Plan, especially the mitigation goals and action items.

What staff and resources will be used to implement this planning activity?

Everett OEM will hire a contractor to update the Everett Hazard Mitigation Plan. The Emergency Management Director will oversee and work with the selected contractor team. The contractor team will report to the Director and be responsible for several key activities. The Emergency Management Director is committing 250 hours of labor as an in-kind match for project oversight, to be the point person for the contractor team, and to facilitate FEMA approval and City adoption/promulgation of the updated Everett Hazard Mitigation Plan. The number of hours committed by the Emergency Management Director are based on our prior Hazard Mitigation Plan Update process. Everett Emergency Management has the ability to provide this match through regular staff time of the Emergency Management Director.

If you would like to make any comments, please enter them below:

The 2011 HIVA focuses on 1) earthquakes, 2) severe storms, 3) pandemics, 4) climate change, 5) fire, 6) flooding, 7) hazardous materials, 8) landslides, 9) tsunamis and seiche, and 10) volcanic eruptions. This may be modified based on stakeholder and community input and new data analysis.

Everett Emergency Management is considering contracting with the University of Washington’s Institute for Hazards Mitigation Planning and Research (per the City of Everett's purchasing policy accepted by the state, this contractor hiring would be exempt from going out to bid). The cost for hiring their research team is about \$25 per hour. This information is the basis of the unit cost for contractual labor in this application. The number of hours listed for the contract team in the Cost Estimate table are based on our prior Hazard Mitigation Plan process and would include an instructor and about 5-6 students. In addition to the City of Everett contributing \$6,000.00 for supplies, Everett Emergency Management is committing staff resources for in-kind labor for this project. The unit cost for the in-kind labor committed by the Everett Emergency Management staff is based on the hourly wage, plus benefits, of the Emergency Management Director. This unit cost is \$76 per hour (wages and benefits). Emergency Management staff will oversee getting a contractor on board, and will then assist the contractor team in completing the necessary steps for updating the Everett Hazard Mitigation Plan. These steps include reviewing and updating the current plan and HIVA, assisting the contractor team in conducting a public involvement process and by helping the contractor team integrate the updated plan with other existing plans. Further staff labor will be used to facilitate a FEMA comment period; and finally, staff labor will facilitate the City of Everett’s adoption and promulgation of the updated Hazard Mitigation Plan. The in-kind resources committed by the City of Everett are available at any time but will formally begin when the federal funding is released to the City of Everett.

Evaluation (Page 2 of 2)

How will this mitigation activity leverage involvement of partners to enhance its outcome?

Stakeholders, partners, and the public will be involved throughout the plan update process. They will be included when updating the HIVA and will contribute to the assessment of hazards that the HIVA and mitigation plan will focus on. The partner and community engagement process will also include the evaluation of existing mitigation goals and actions as well as the creation of new ones. Including partners and the public ensures that they have a good understanding of the mitigation strategy and how they are integrated into the process. The partner and public engagement process provides an opportunity to build on existing partnerships as well as establish new ones. Everett Emergency Management will also coordinate with other governmental agencies to integrate relevant portions of their separate mitigation plans. This will enhance not only Everett's strategy, but the other governmental agencies' as well.

Describe how this planning activity will benefit your community and how the plan/data will be used to promote resiliency?

The planning activity benefits the citizens of Everett by keeping development current with the Hazards Inventory and Vulnerability Assessment (HIVA) to ensure reduced vulnerability of Everett's citizens. Additionally, the update produces overall benefits by bringing up to date the inventory of completed mitigation projects and activities. The update also keeps the project inventory current with ongoing mitigation actions. Some of the mitigation actions established in the 2011 Everett Hazard Mitigation Plan are long term activities that are still in progress. The update process will revisit these actions to make sure that they are being implemented in an effective and meaningful way. Lastly, the update benefits the community by providing an opportunity for public participation in the hazard mitigation planning process and expanding local understanding of hazards and vulnerabilities in the City. The hazards in the HIVA and the mitigation actions in Everett's Hazard Mitigation Plan are chosen based on importance and are chosen through community and partner engagement. The update of the Everett Hazard Mitigation Plan and HIVA are important to take into consideration the changing conditions in Everett and to better reflect the concerns and focus of the public. By focusing on the hazards and mitigation actions that are relevant to the community, there is greater potential for the mitigation actions to be implemented and have a positive impact toward resiliency.

The number of hours listed for the contract team in the Cost Estimate table are based on our prior Hazard Mitigation Plan process and would include an instructor and about 5-6 students. In addition to the City of Everett contributing \$6,000.00 for supplies, Everett Emergency Management is committing staff resources for in-kind labor for this project. The unit cost for the in-kind labor committed by the Everett Emergency Management staff is based on the hourly wage, plus benefits, of the Emergency Management Director. This unit cost is \$76 per hour (wages and benefits). Emergency Management staff will oversee getting a contractor on

board, and will then assist the contractor team in completing the necessary steps for updating the Everett Hazard Mitigation Plan. These steps include reviewing and updating the current plan and HIVA, assisting the contractor team in conducting a public involvement process and by helping the contractor team integrate the updated plan with other existing plans. Further staff labor will be used to facilitate a FEMA comment period; and finally, staff labor will facilitate the City of Everett's adoption and promulgation of the updated Hazard Mitigation Plan. The in-kind resources committed by the City of

Everett are available at any time but will formally begin when the federal funding is released to the City of Everett.

FFATA PROVISIONS AND INSTRUCTIONS
For Compliance With The
Federal Funding Accountability and Transparency Act of 2006 (P.L. 109-282) (FFATA)

The Federal Funding Accountability and Transparency Act (FFATA) was signed on September 26, 2006. The FFATA legislation requires information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website. Federal awards include grants, subgrants, loans, awards, cooperative agreements and other forms of financial assistance as well as contracts, subcontracts, purchase orders, task orders, and delivery orders. The legislation does not require inclusion of individual transactions below \$25,000 or credit card transactions before October 1, 2008. However, if an award is initially below this amount yet later increased, the act is triggered. Due to this variability in compliance Subrecipients are **required** by the Military Department to be familiar with the FFATA requirements and complete this Worksheet for *each contract* for the State's submission in to the FFATA portal.

ADDITIONAL PROVISIONS

- A. This contract (subaward) is supported by federal funds, requiring compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act) and Office of Management and Budget Guidance (OMB). Public Law 109-282 as amended by section 6202(a) of Public Law 110-252 (see 31 U.S.C. 6101 note). By entering into this contract, contractor agrees to provide all applicable reporting information to the Washington Military Department (WMD) required by FFATA and OMB Guidance.
- B. The FFATA requires the OMB to establish a publicly available online database (USASpending.gov) containing information about entities that are awarded Federal grants, loans, and contracts. As required by FFATA and OMB Guidance, certain information on the first-tier subawards related to Federal contracts and grants, and the executive compensation of awardees, must be made publicly available.
- C. For new Federal grants beginning October 1, 2010, if the initial subaward is equal to or greater than \$25,000, reporting of the subaward and executive compensation information is required. If the initial subaward is below \$25,000 but subsequent grant modifications result in a total subaward equal to or over \$25,000, the subaward will be subject to the reporting requirements as of the date the subaward exceeds \$25,000. If the initial subaward equals or exceeds \$25,000 but funding is subsequently de-obligated such that the total award amount falls below \$25,000, the subaward continues to be subject to the reporting requirements of the Transparency Act and OMB Guidance.
- D. As a Federal grant subawardee under this contract, your organization is required by FFATA, OMB Guidance and this contract to provide the WMD, as the prime grant awardee, all information required for FFATA compliant reporting by WMD. This includes all applicable subawardee entity information required by FFATA and OMB Guidance, subawardee DUNS number, and relevant executive compensation data, as applicable.
 - 1. Data about your organization will be provided to USASpending.gov by the WMD. System for Award Management (SAM) is a government wide registration system for organizations that do business with the Federal Government. SAM stores information about awardees including financial account information for payment purposes and a link to D&B for maintaining current DUNS information, www.sam.gov. WMD requires SAM registration and annual renewal by your organization to minimize unnecessary data entry

and re-entry required by both WMD and your organization. It will also reduce the potential of inconsistent or inaccurate data entry.

2. Your organization must have a Data Universal Numbering System (DUNS) number obtained from the firm Dun and Bradstreet (D&B) (www.dnb.com). A DUNS number provides a method to verify data about your organization. D&B is responsible for maintaining unique identifiers and organizational linkages on behalf of the Federal Government for organizations receiving Federal assistance.
- E. The WMD, as the prime awardee, is required by FFATA to report names and total compensation of the five (5) most highly compensated officers of your organization (as the subawardee) if:
1. Your organization (the subawardee), in the preceding fiscal year, received 80 percent or more of its annual gross revenues from Federal awards and \$25,000,000 or more in annual gross revenues from Federal awards; and
 2. The public does not have access to this information about the compensation of the senior executives of your organization through periodic reports filed under section 13(a) or 15(d) of the Securities and Exchange Act of 1934 (15 U.S.C. §§ 78m(a), 78o(d) or section 6104 of the Internal Revenue Code of 1986.

“Total compensation” for purposes of this requirement generally means the cash and non-cash value earned by the executive during the past fiscal year and includes salary and bonus; awards of stock, stock options and stock appreciation rights; and other compensation such as severance and termination payments, and value of life insurance paid on behalf of the employee, and as otherwise provided by FFATA and applicable OMB guidance.

- F. If (1) in the preceding fiscal year your organization received 80 percent or more of its annual gross revenues from Federal awards and \$25,000,000 or more in annual gross revenues from Federal awards, and (2) the public does not have access to this information about the compensation of the senior executives of your organization through periodic reports filed under section 13(a) or 15(d) of the Securities and Exchange Act of 1934 (15 U.S.C. §§ 78m(a), 78o(d) or section 6104 of the Internal Revenue Code of 1986, insert the names and total compensation for the five most highly compensated officers of your organization as identified in Step 5 of the FFATA Form.

DETAILED SUMMARY STATEMENT: Everett Utilities has completed the 2016 water, filtration, sewer, and storm water cost of service study. The study indicates increased water and filtration charges are necessary to fund capital expenditures, and to meet water quality, supply, regulatory and financial obligations of Everett Utilities. Water and filtration rates, based on consumption of 700 cubic feet per month, will increase annually from the current charge of **\$29.734** per month to **\$29.876** per month in 2017, **\$31.060** per month in 2018, **\$32.232** in 2019, and **\$33.454** in 2020. Increased sewer and surface water charges are necessary to continue to aggressively maintain, replace, and expand utility infrastructure. Sewer rates will increase annually from the current Single-Family charge of \$59.87 per month to **\$67.22** in 2017, **\$71.26** in 2018, **\$75.33** in 2019, and **\$79.65** in 2020. Surface water rates for unsewered accounts increases annually from the current Single-Family charge of \$17.44 per month to **\$22.67** in 2017, **\$24.48** in 2018, **\$26.44** in 2019, and **\$28.56** in 2020. The overall utility bill increase for a single-family customer using 700 cubic feet of water per month will be 8.0% in 2017, 5.2% in 2018, 4.9% in 2019, and 5.0% in 2020.

Change Order No. 3 also adds 28 additional working days to contract time.

Exhibit A—Description of Changed Work

Change order #3 modifies two existing bid items and adds four (4) new items to Schedule B of the contract as follows:

Under Schedule B of the Proposal:

Modified Bid Items:

Modify existing **bid item B-14** titled, “**Control Density Fill**”, by deleting 452 cubic yards of control density fill at the unit rate of \$110.00 per cubic yard, resulting in a \$49,720.00 decrease to the contract price.

Modify existing **bid item B-58** titled, “**Remove & Replace Generator Pad**” at the lump sum price of \$18,000.00, resulting in a \$18,000.00 decrease to the contract price.

New Items:

Add new **item B-66** titled, “**Pervious Concrete**” to the contract by adding 590 square yards of pervious concrete at the unit rate of \$85.00/square yard, resulting in a \$50,150.00 contract price increase.

Add new **item B-67** titled, “**Private Walkways**” to the contract by adding 18 square yards of private walkways at the unit rate of \$205.00/square yard, resulting in a \$3,690.00 contract price increase.

Add new **item B-68** titled, “**Concrete Steps**” to the contract by adding 8 each concrete steps at the unit rate of \$255.00/each, resulting in a \$2,040.00 contract price increase.

Add new **item B-69** titled, “**Remove & Replace Generator Pad**” to the contract at the new revised lump sum price of \$10,000.00.

Net result of modifying two (2) existing bid items and adding four (4) new items to Schedule B of the contract, results in \$1,840.00 contract price decrease.

Project: East Grand Ave Sewer System Replacement and Storm Water Separation
Change Order No. 3
Change Order Effective Date: November 8, 2016

JUSTIFICATION:

Schedule B:

Modified Bid Items:

Bid Item B-14 - Control Density Fill. The quantity of control density fill was not required nearly to the extent anticipated during the design and allowed for in the bid proposal.

Bid Item B-58 - Remove & Replace Generator Pad. This bid item is being deleted as a result of the added work at Lift Station #32. A portion of the work required under this bid item was done by City of Everett forces and the rest of the work was completed by KLB Construction forces. The revised work effort required by KLB Construction is being paid under new bid item B-69 – Remove & Replace Generator Pad.

New Items:

Item B-66 – Pervious Concrete. At the intersections of 21st, 22nd, 23rd and 24th Streets and East Grand Avenue, where curb bulb-outs were added to make space for the new Stormwater treatment units, pervious concrete is being used in these areas between the sidewalk and new curb. This is in lieu of topsoil and grass which would become a maintenance burden for the City or adjacent property owners. Pervious concrete is expected to require very little maintenance and is consistent with the objectives of this project which is to reduce storm water runoff in the sewer system. The cost for pervious concrete includes the removal of existing materials to a depth of 1 foot, and placement of 4-inches of pervious concrete over 8-inches of free draining gravel.

Item B-67 – Private Walkways and item B-68 – Concrete Steps. Justification for these two items was necessary as the new curb and sidewalk grade elevations changed slightly along various areas of East Grand Avenue, requiring height adjustments to the private walkways that abut the new sidewalk grade. In certain instances new concrete steps were incorporated into these private walkways to aid in matching grade of new sidewalks.

Item B-69 – Remove & Replace Generator Pad. This bid item is being added as portion of the work required under original bid item #58 was completed by City of Everett forces, with the rest of the work completed by KLB Construction forces. The revised work effort required by KLB Construction is paid for under this new bid item.

CONTRACT TIME:

Twenty eight (28) working days are being added to the contract time by change order #3 as a result of structural modifications made to Lift Station #32 to raise the height of the existing wet well structure. The hatchways requested by the City's Technical Service Group, in the top concrete slab above the wet well of the lift station, had significant long lead procurement time frames, which resulted in the need to add these additional 28 working days.

RECOMMENDATION (Exact action requested of Council):

Authorize the Mayor to sign the Professional Services Agreement with TranTech Engineering, LLC for the Screen House Bridge Replacement project in the amount not to exceed \$31,500 plus Washington State sales tax.

**CITY OF EVERETT
PROFESSIONAL SERVICES AGREEMENT**

THIS AGREEMENT made and entered into on this _____ day of _____, _____, by and between the **CITY OF EVERETT**, a municipal corporation under the laws of the State of Washington, hereinafter referred to as the “City,” and TranTech Engineering, LLC, whose address is 12011 NE 1st Street, Suite C305, Bellevue, WA 98005, hereinafter referred to as the “Service Provider.”

WHEREAS, the City desires to engage the Service Provider to provide structural engineering services for Screen House Bridge Replacement at Water Filtration Plant for the City of Everett; and

WHEREAS, Service Provider represented, and by entering into this Agreement now represents, that it is fully qualified to perform the work to be performed hereunder in a competent and professional manner;

NOW, THEREFORE, the parties herein do mutually agree as follows:

1. **Engagement of Service Provider.** The City hereby agrees to engage the Service Provider, and the Service Provider hereby agrees, to perform the work in a competent and professional manner and provide the services described in the attached "Exhibit A - Scope of Work". The Scope of Work so identified is hereafter referred to as “Work”. Without a written directive of an authorized representative of the City, the Service Provider shall not perform any services that are in addition to, or beyond the scope of, the Work. If the Service Provider’s proposal is attached as an exhibit, and if such proposal contains or incorporates any conditions or terms in addition to or different from the terms of this Agreement, then the Service Provider expressly agrees that such conditions or terms are neither incorporated nor included into this Agreement between the City and Service Provider. If, and to the extent, the Work includes the design of a public work or improvement, in whole or in part, Service Provider’s design shall be reasonably accurate, adequate and suitable for its intended purpose.

2. **Intellectual Property Rights.** Reports, drawings, plans, specifications and any other intangible property created in furtherance of the Work are property of the City for all purposes, whether the project for which they are made is executed or not, and may be used by the City for any purpose. Unless otherwise expressly agreed in writing, all intellectual property rights in such documents or intangible property created pursuant to this Agreement, or for the City of Everett, belong to the City of Everett. Service Provider retains any intellectual property rights in documents and intangible property created by Service Provider prior to engagement, or not created by Service Provider for its performance of this Agreement.

3. **Time of Beginning and Completion of Performance.** This Agreement shall commence as of the date of execution of this Agreement and shall be completed by December 31, 2018.

4. **Compensation.**

A. The City shall pay the Service Provider only for completed Work and for services actually rendered which are described herein. Such payment shall be full compensation for Work performed or services rendered, including, but not limited to, all labor, materials, supplies, equipment and incidentals necessary to complete the Work.

B. The Service Provider shall be paid such amounts and in such manner as described in Exhibit B.

C. Service Provider may receive payment as reimbursement for Eligible Expenses actually incurred. "Eligible Expenses" means those types and amounts of expenses either listed in Exhibit C or such expenses as are approved for reimbursement by the City in writing prior to the expense being incurred. If Exhibit C is either blank or not attached, expenses may not be reimbursed unless prior written approval was obtained from the City. An expense shall not be reimbursed if: (1) the expense is not identified in Exhibit C; (2) the expense exceeds the per item or cumulative limits for such expense if it is identified in Exhibit C; or (3) the expense was not approved in writing by an authorized City representative prior to the Service Provider incurring the expense. If, and to the extent, overnight lodging in western Washington is authorized, Service Provider is strongly encouraged to lodge within the corporate limits of City. When authorized, Service Provider will be reimbursed 100% of lodging expense, if lodged within the corporate limits of the City, but Service Provider will be reimbursed 50% of lodging expense when lodged outside the corporate limits of the City. If authorized, the City may (at its sole option) obtain or arrange air travel for the Service Provider.

D. Total compensation, including all services and expenses, shall not exceed a maximum of Thirty One Thousand and Five Hundred and Zero One-hundredth Dollars (\$31,500.00).

E. If Service Provider fails or refuses to correct its work when so directed by the City, the City may withhold from any payment otherwise due an amount that the City in good faith believes is equal to the cost to the City of correcting, re-procuring, or remedying any damage caused by Service Provider's conduct.

5. **Method of Payment.**

A. To obtain payment, the Service Provider shall (a) file its request for payment, accompanied by evidence satisfactory to the City justifying the request for payment; (b) submit a report of Work accomplished and hours of all tasks completed; (c) to the extent reimbursement of Eligible Expenses is sought, submit itemization of such expenses and, if requested by the City, copies of receipts and invoices; and (d) comply with all applicable provisions of this Agreement. Service Provider shall be paid no more often than once every thirty days.

B. All requests for payment should be sent to:

City of Everett
Attn.: Ed Fisher, P.E.
3200 Cedar Street
Everett, WA 98201

6. **Submission of Reports and Other Documents.** The Service Provider shall submit all reports and other documents as and when specified in Exhibit A. Said information shall be subject to review by the City, and if found to be unacceptable, Service Provider shall correct and deliver to the City any deficient Work at Service Provider's expense with all practical dispatch. Service Provider shall abide by the City's determinations concerning acceptability of Work.

7. **Termination of Contract.** City reserves the right to terminate this Agreement at any time by sending written notice of termination to Service Provider ("Notice"). The Notice shall specify a termination date ("Termination Date") at least fourteen (14) days after the date the Notice is issued. The Notice shall be effective ("Notice Date") upon the earlier of either actual receipt by Service Provider (whether by fax, mail, delivery or other method reasonably calculated to be received by Service Provider in a reasonably prompt manner) or three calendar days after issuance of the Notice. Upon the Notice Date, Service Provider shall immediately commence to end the Work in a reasonable and orderly manner. Unless terminated for Service Provider's material breach, the Service Provider shall be paid or reimbursed for: (a) all hours worked and Eligible Expenses incurred up to the Notice Date, less all payments previously made; and (b) those hours worked and Eligible Expenses incurred after the Notice Date, but prior to the Termination Date, that were reasonably necessary to terminate the Work in an orderly manner. Notices under this Section 7 shall be sent by the United States Mail to Service Provider's address provided herein, postage prepaid, certified or registered mail, return receipt requested, or by delivery. In addition, Notices may also be sent by any other method reasonably believed to provide Service Provider actual notice in a timely manner, such as fax. The City does not by this Section 7 waive, release or forego any legal remedy for any violation, breach or non-performance of any of the provision of this Agreement. At its sole option, City may deduct from the final payment due the Service Provider (a) any damages, expenses or costs arising out of any such violations, breaches, or non-performance and (b) any other backcharges or credits.

8. **Changes.** The City may, from time to time, unilaterally change the scope of the services of the Service Provider to be performed hereunder. Such changes, including any increase or decrease in the scope of work (and resulting increase or decrease in compensation), shall: (a) be made only in writing and signed by an authorized City representative, (b) be explicitly identified as an amendment to this Agreement and (c) become a part of this Agreement.

9. **Subletting/Assignment of Contracts.** Service Provider shall not sublet or assign any of the Work without the express, prior written consent of the City.

10. **Indemnification.** Except as otherwise provided in this Section 10, the Service Provider hereby agrees to defend and indemnify the City from any and all Claims arising out of, in

connection with, or incident to any negligent or intentional acts, errors, omissions, or conduct by Service Provider (or its employees, agents, representatives or subcontractors/subconsultants) relating to this Agreement, whether such Claims sound in contract, tort, or any other legal theory. The Service Provider is obligated to defend and indemnify the City pursuant to this Section 10 whether a Claim is asserted directly against the City, or whether it is asserted indirectly against the City, e.g., a Claim is asserted against someone else who then seeks contribution or indemnity from the City. The Service Provider's duty to defend and indemnify pursuant to this Section 10 is not in any way limited to, or by the extent of, insurance obtained by, obtainable by, or required of the Service Provider. The Service Provider's obligations under this Section 10 shall not apply to Claims caused by the sole negligence of the City. If (1) RCW 4.24.115 applies to a particular Claim, and (2) such Claim is caused by or results from the concurrent negligence of (a) the Service Provider, its employees, subcontractors/subconsultants or agents and (b) the City, then the Service Provider's obligations under this Section 10 shall apply only to the extent allowed by RCW 4.24.115. Solely and expressly for the purpose of its duties to indemnify and defend the City, the Service Provider specifically waives any immunity it may have under the State Industrial Insurance Law, Title 51 RCW. The Service Provider recognizes that this waiver of immunity under Title 51 RCW was specifically entered into pursuant to the provisions of RCW 4.24.115 and was the subject of mutual negotiation. As used in this Section 10: (1) "City" includes the City, the City's officers, employees, agents, and representatives and (2) "Claims" include, but is not limited to, any and all losses, penalties, fines, claims, demands, expenses (including, but not limited to, attorney's fees and litigation expenses), suits, judgments, or damages, irrespective of the type of relief sought or demanded, such as money or injunctive relief, and irrespective of whether the damage alleged is bodily injury, damage to property, economic loss, general damages, special damages, or punitive damages. If, and to the extent, Service Provider employs or engages subconsultants or subcontractors, then Service Provider shall ensure that each such subconsultant and subcontractor (and subsequent tiers of subconsultants and subcontractors) shall expressly agree to defend and indemnify the City to the extent and on the same terms and conditions as the Service Provider pursuant to this Section 10.

11. Insurance.

A. Service Provider shall comply with the following conditions and procure and keep in force during the term of this Agreement, at Service Provider's own cost and expense, the following policies of insurance with companies authorized to do business in the State of Washington, which are rated at least "A" or better and with a numerical rating of no less than seven (7), by A.M. Best Company and which are acceptable to the City.

1. Workers' Compensation Insurance as required by Washington law and Employer's Liability Insurance with limits not less than \$1,000,000 per occurrence. If the City authorizes sublet work, the Service Provider shall require each subcontractor to provide Workers' Compensation Insurance for its employees, unless the Service Provider covers such employees.

2. Commercial General Liability Insurance on an occurrence basis in an amount not less than \$1,000,000 per occurrence and at least \$2,000,000 in the annual aggregate,

including but not limited to: premises/operations (including off-site operations), blanket contractual liability and broad form property damage.

3. Business Automobile Liability Insurance in an amount not less than \$1,000,000 per occurrence, extending to any automobile. A statement certifying that no vehicle will be used in accomplishing this Agreement may be substituted for this insurance requirement.

4. Professional Errors and Omissions Insurance in an amount not less than \$1,000,000 per occurrence and \$1,000,000 in the annual aggregate. Such coverage may be written on a claims made basis. If both parties agree that the Work does not warrant Service Provider providing Professional Errors and Omissions Insurance, this Section 11.A.4 may be stricken and initialed by both parties.

B. The above liability policies shall be primary as to the City and shall contain a provision that the policy shall not be canceled or materially changed without 30 days prior written notice to the City. No cancellation provision in any insurance policy shall be construed in derogation of the continuous duty of the Service Provider to furnish the required insurance during the term of this Agreement.

C. Upon written request by the City, the insurer or his/her agent will furnish, prior to or during any Work being performed, a copy of any policy cited above, certified to be a true and complete copy of the original.

D. Prior to the Service Provider performing any Work, Service Provider shall provide the City with a Certificate of Insurance acceptable to the City Attorney evidencing the required insurance. Service Provider shall provide the City with either (1) a true copy of an endorsement naming the City of Everett, its officers, employees and agents as Additional Insureds on the Commercial General Liability Insurance policy and the Business Automobile Liability Insurance policy with respect to the operations performed and services provided under this Agreement and that such insurance shall apply as primary insurance on behalf of such Additional Insureds or (2) a true copy of the blanket additional insured clause from the policies. Receipt by the City of any certificate showing less coverage than required is not a waiver of the Service Provider's obligations to fulfill the requirements.

E. If the policy listed in Section 11.A.4. above, Professional Errors and Omissions Insurance, is on a claims made policy form, the retroactive date on the policy shall be the effective date of this Agreement or prior. The retroactive date of any subsequent renewal of such policy shall be the same as the original policy provided. The extended reporting or discovery period on a claims made policy form shall not be less than 36 months following expiration of the policy. (This Section 11.E shall not apply if Section 11.A.4. above is stricken.)

F. Service Provider certifies that it is aware of the provisions of Title 51 of the Revised Code of Washington that requires every employer to be insured against liability of Workers' Compensation, or to undertake self-insurance in accordance with the provisions of that Title.

Service Provider shall comply with the provisions of Title 51 of the Revised Code of Washington before commencing the performance of the Work. Service Provider shall provide the City with evidence of Workers' Compensation Insurance (or evidence of qualified self-insurance) before any Work is commenced.

G. In case of the breach of any provision of this Section 11, the City may, at its option and with no obligation to do so, provide and maintain at the expense of Service Provider, such types of insurance in the name of the Service Provider, and with such insurers, as the City may deem proper, and may deduct the cost of providing and maintaining such insurance from any sums which may be found or become due to Service Provider under this Agreement or may demand Service Provider to promptly reimburse the City for such cost.

12. Independent Contractor.

A. This Agreement neither constitutes nor creates an employer-employee relationship. Service Provider must provide services under this Agreement as an independent contractor. Service Provider must comply with all federal and state laws and regulations applicable to independent contractors including, but not limited to, the requirements listed in this Section 12. Service Provider agrees to indemnify and defend the City from and against any claims, valid or otherwise, made against the City because of these obligations.

B. In addition to the other requirements of this Section 12, if Service Provider is a sole proprietor, Service Provider agrees that Service Provider is not an employee or worker of the City under Chapter 51 of the Revised Code of Washington, Industrial Insurance for the service performed in accordance with this Agreement, by certifying to the following:

(1) Service Provider is free from control or direction over the performance of the service; and

(2) The service performed is outside the usual course of business for the City, or will not be performed at any place of business of the City, or Service Provider is responsible for the costs of the principal place of business from which the service is performed; and

(3) Service Provider is customarily engaged in an independently established business of the same nature as the service performed, or has a principal place of business for the service performed that is eligible for a business deduction for federal income tax purposes; and

(4) On the effective date of this Agreement, Service Provider is responsible for filing a schedule of expenses, for the next applicable filing period, with the internal revenue service for the type of service performed; and

(5) By the effective date of this Agreement or within a reasonable time thereafter, Service Provider has established an account with the department of revenue and other state agencies, where required, for the service performed for the payment of all state taxes normally paid by employers and businesses and has registered for and received a unified business identifier number from the state of Washington; and

(6) By the effective date of this Agreement, Service Provider is maintaining a separate set of records that reflect all items of income and expenses of the services performed.

C. Any and all employees of the Service Provider, while engaged in the performance of any Work, shall be considered employees of only the Service Provider and not employees of the City. The Service Provider shall be solely liable for any and all claims that may or might arise under the Worker's Compensation Act on behalf of said employees or Service Provider, while so engaged and for any and all claims made by a third party as a consequence of any negligent act or omission on the part of the Service Provider's employees, while so engaged on any of the Work

D. Service Provider shall comply with all applicable provisions of the Fair Labor Standards Act and other legislation affecting its employees and the rules and regulations issued thereunder insofar as applicable to its employees and shall at all times save the City free, clear and harmless from all actions, claims, demands and expenses arising out of said act, and rules and regulations that are or may be promulgated in connection therewith.

E. Service Provider assumes full responsibility for the payment of all payroll taxes, use, sales, income, or other form of taxes (such as state and, city business and occupation taxes), fees, licenses, excises or payments required by any city, federal or state legislation which are now or may during the term of the Agreement be enacted as to all persons employed by the Service Provider and as to all duties, activities and requirements by the Service Provider in performance of the Work and Service Provider shall assume exclusive liability therefore, and meet all requirements thereunder pursuant to any rules or regulations that are now or may be promulgated in connection therewith.

13. Employment. The Service Provider warrants that he had not employed or retained any company or person, other than a bona fide employee working solely for the Service Provider, to solicit or secure this Agreement and that he has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Service Provider, any fee, commission, percentage, brokerage fee, gifts, or any other consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, the City shall have the right to annul this Agreement without liability or, in its discretion, to deduct from the Agreement price or consideration or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift, or contingent fee.

14. Audits and Inspections. At any time during normal business hours and as often as the City may deem necessary, the Service Provider shall make available to the City for the City's examination all of the Service Provider's records and documents with respect to all matters covered by this Agreement and, furthermore, the Service Provider will permit the City to audit, examine and make copies, excerpts or transcripts from such records, and to make audits of all contracts, invoices, materials, payrolls, records of personnel, conditions of employment and other data relating to all matters covered by this Agreement.

15. City of Everett Business License. Service Provider agrees to obtain a City of Everett business license prior to performing any work pursuant to this Agreement.

16. **State of Washington Requirements.** Service Provider agrees to register and obtain any State of Washington business licenses, Department of Revenue account and/or unified business identifier number as required by RCW 50.04.140 and 51.08.195 prior to performing any work pursuant to this Agreement.

17. **Compliance with Federal, State and Local Laws.** Service Provider shall comply with and obey all federal, state and local laws, regulations, and ordinances applicable to the operation of its business and to its performance of work hereunder.

18. **Compliance with the Washington State Public Records Act.** Service Provider acknowledges that the City is subject to the Public Records Act, chapter 42.56 RCW (the "Act"). All records owned, used or retained by the City are public records subject to disclosure unless exempt under the Act, whether or not such records are in the possession or control of the City or Service Provider. Service Provider shall cooperate with the City so that the City may comply with all of its obligations under the Act. Within ten (10) days after receipt of notice from the City, Service Provider shall deliver to the City copies of all records relating to this Agreement or relating to the Work that the City determines qualify as the City's public records under the Act. If the City receives a public records request relating to this Agreement or relating to the Work, the City shall seek to provide notice to Service Provider at least ten (10) days before the City releases records pursuant to such public records request, but in no event will the City have any liability to Service Provider for any failure of the City to provide such notice. In addition to its other indemnification and defense obligations under this Agreement, Service Provider shall indemnify and defend the City from and against any and all losses, penalties, fines, claims, demands, expenses (including, but not limited to, attorney's fees and litigation expenses), suits, judgments, or damage arising from or relating to any failure of Service Provider to comply with this Section 18.

19. **Compliance with Grant Terms and Conditions.** Service Provider shall comply with any and all conditions, terms and requirements of any federal, state or other grant that wholly or partially funds Service Provider's work hereunder.

20. **Equal Employment Opportunity.** Service Provider shall not discriminate against any employee, applicant for employment, independent Service Provider, or proposed independent Service Provider, on the basis of race, color, religion, sex, age, disability, marital state, or national origin.

21. **Waiver.** Any waiver by the Service Provider or the City or the breach of any provision of this Agreement by the other party will not operate, or be construed, as a waiver of any subsequent breach by either party or prevent either party from thereafter enforcing any such provisions.

22. **Complete Agreement.** This Agreement contains the complete and integrated understanding and Agreement between the parties and supersedes any understanding, Agreement or negotiation whether oral or written not set forth herein.

SCOPE OF WORK

Objective:

The objective of this contract is to provide engineering services to the City of Everett (City) with the goal of removing the existing Screen House Bridge at the Chaplain Lake Dam and providing a new access to the Building's rooftop via construction of a new 4-foot Pedestrian Bridge or a stairwell built on the side of the Building.

Background:

The Screen House Bridge was built in 1966 and is located on the south side of the Lake Chaplain Dam. The 2-span Bridge is 90-feet long (45':45'), and is 20-feet wide.

The Bridge is oriented South to North where the Chaplain Lake is on the north end of the Bridge and the Screen House is on its southern end. The Bridge's north abutment is constructed on top of the Dam over a spread footing and its south abutment is constructed on the northern wall of the Screen House. The interior pier of the Bridge is composed of four 22-inch circular concrete columns resting on a strip footing.

One important feature of this Bridge is that it is built over two 51-inch steel pipelines that convey the Lake Chaplain water to the Screen House. These pipelines are below ground and pass in between the columns of the interior bent.

Preliminary observations reveal that the Bridge is seismically vulnerable under an AASHTO design earthquake event. One major vulnerability of this Bridge is its inadequate seat-width of its simply-supported precast girders at all of its piers and their associated risk for detachment and collapse under a design earthquake event.

Per our understanding, the City and Water Filtration Plant (WFP) Authority desire to remove the existing seismically vulnerable vehicular bridge and re-establish the access to the rooftop of the Screenhouse building via construction of a new 4-foot Pedestrian Bridge at the existing bridge's alignment or construction of a stairwell on the side of the building.

On January 4, 2013, TranTech's team performed a routine bridge inspection site visit. Following this site visit, the City and WFP authorities provided TranTech's team with all of the existing information available on the Screenhouse Bridge.

required of you by a written contract executed prior to any "accident" or "loss", provided that the "accident" or "loss" arises out of the operations contemplated by such contract. The waiver applies only to the person or organization designated in such contract.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BLANKET ADDITIONAL INSURED (ARCHITECTS, ENGINEERS AND SURVEYORS)

This endorsement modifies insurance provided under the following:
COMMERCIAL GENERAL LIABILITY COVERAGE PART

A. The following is added to WHO IS AN INSURED (Section II):

Any person or organization that you agree in a "contract or agreement requiring insurance" to include as an additional insured on this Coverage Part, but only with respect to liability for "bodily injury", "property damage" or "personal injury" caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf:

- a. In the performance of your ongoing operations;
- b. In connection with premises owned by or rented to you; or
- c. In connection with "your work" and included within the "products-completed operations hazard".

Such person or organization does not qualify as an additional insured for "bodily injury", "property damage" or "personal injury" for which that person or organization has assumed liability in a contract or agreement.

The insurance provided to such additional insured is limited as follows:

- d. This insurance does not apply on any basis to any person or organization for which coverage as an additional insured specifically is added by another endorsement to this Coverage Part.
- e. This insurance does not apply to the rendering of or failure to render any "professional services".
- f. The limits of insurance afforded to the additional insured shall be the limits which you agreed in that "contract or agreement requiring insurance" to provide for that additional insured, or the limits shown in the Declarations for this Coverage Part, whichever are less. This endorsement does not increase the limits of insurance stated in the **LIMITS OF**

INSURANCE (Section III) for this Coverage Part.

B. The following is added to Paragraph a. of 4. Other Insurance in COMMERCIAL GENERAL LIABILITY CONDITIONS (Section IV):

However, if you specifically agree in a "contract or agreement requiring insurance" that the insurance provided to an additional insured under this Coverage Part must apply on a primary basis, or a primary and non-contributory basis, this insurance is primary to other insurance that is available to such additional insured which covers such additional insured as a named insured, and we will not share with the other insurance, provided that:

- (1) The "bodily injury" or "property damage" for which coverage is sought occurs; and
- (2) The "personal injury" for which coverage is sought arises out of an offense committed;

after you have entered into that "contract or agreement requiring insurance". But this insurance still is excess over valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to the insured when the insured is an additional insured under any other insurance.

C. The following is added to Paragraph 8. Transfer Of Rights Of Recovery Against Others To Us in COMMERCIAL GENERAL LIABILITY CONDITIONS (Section IV):

We waive any rights of recovery we may have against any person or organization because of payments we make for "bodily injury", "property damage" or "personal injury" arising out of "your work" performed by you, or on your behalf, under a "contract or agreement requiring insurance" with that person or organization. We waive these rights only where you have agreed to do so as part of the "contract or agreement requiring insurance" with such person or organization entered into by you before, and in effect when, the "bodily

COMMERCIAL GENERAL LIABILITY

injury" or "property damage" occurs, or the "personal injury" offense is committed.

D. The following definition is added to **DEFINITIONS (Section V)**:

"Contract or agreement requiring insurance" means that part of any contract or agreement under which you are required to include a person or organization as an additional insured on this Cov-

erage Part, provided that the "bodily injury" and "property damage" occurs, and the "personal injury" is caused by an offense committed:

- a. After you have entered into that contract or agreement;
- b. While that part of the contract or agreement is in effect; and
- c. Before the end of the policy period.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

COMMERCIAL EXCESS LIABILITY (UMBRELLA) INSURANCE

The following is added to Paragraph 11., **OUR RIGHT TO RECOVER FROM OTHERS.**, of **SECTION IV – CONDITIONS.**:

If the insured has agreed in a contract or agreement to waive that insured's right of recovery against any person or organization, we waive our right of recovery against such person or organization, but only for payments we make because of:

- a. "Bodily injury" or "property damage" caused by an "occurrence" that takes place; or
- b. "Personal injury" or "advertising injury" caused by an "offense" that is committed;
subsequent to the execution of the contract or agreement.
