Project: I-5 NB Marine View Dr to SR-529 Corridor and Interchange Improvements

Partner/Supplier: Washington State Department of Transportation (WSDOT)

Location: I-5 NB - Marine View Dr to SR-529

Preceding action: None

Fund: N/A

Fiscal summary statement:

Briefing Only; No Action Required

Project summary statement:

WSDOT will provide an informational briefing to City Council regarding the I-5 NB Marine View Drive to SR-529 Corridor and Interchange Improvements Project. The City of Everett is a Project Partner for this project.

The I-5 NB Marine View Dr to SR-529 Corridor and Interchange Improvements Project is in the alternatives selection / project design phase to identify improvements that could benefit all modes of transportation on I-5 NB between Marine View Dr and SR-529. The project is focused on improving access, congestion relief, and multimodal improvements on I-5 and at the I-5 / SR-529 interchange while also maintaining safety.

WSDOT has developed concepts with project partners and project stakeholders and has chosen a preferred alternative with the help of a Stakeholder Advisory Group. This presentation is to brief City Council with a short project history, potential project benefits, preferred alternative, and the project's next steps.

Recommendation (exact action requested of Council):

Informational Briefing; No Action Required
