Fiscal summary statement: The budget for this project is \$22,000,000 and the sources of funds are:

Project summary statement:

This project will remove and replace the existing Edgewater Creek Bridge, which was built in 1946 and is a vital link in a chain of three bridges that provide the only access to neighborhoods along Mukilteo Boulevard.

The existing bridge is a non-redundant two girder composite deck concrete structure that is structurally deficient in load capacity. In addition, the bridge is seismically vulnerable and functionally obsolete due to narrow substandard traffic lanes and sidewalks.
