Project: Marysville Fire District 2018 Contract/COE # 2018-111

Partner/Supplier: Braun Northwest

Location:

Preceding action:

Fund: 153 Fire Department

Fiscal summary statement:

The funding for these ambulances is provided by the Emergency Medical Services Levy that was passed in November of 2018.

Project summary statement:

The Fire Department requires two (2) 2021 North Star 173-3 Type III Ambulances. Both units are replacing vehicles that have exceeded their lifecycle. One unit will replace a 2010 International Ambulance (V0207) which has exceeded its lifecycle and has 164,132 miles. The second will replace (V0182) a 2008 International Ambulance with 177,188 miles.

Upon completion of this purchase the ambulance fleet conversion to Ford chassis will be complete, and allow future replacements to include chassis replacement only, at significantly less expense.

The units are available from Braun Northwest, using the Marysville Fire District 2018 contract, which was competitively bid. The City of Everett has an interlocal cooperative agreement with the Marysville Fire District that allows the City to make purchases from its contracts in lieu of soliciting bids on our own.

Recommendation (exact action requested of Council):

Award and Authorize purchase of two (2) North Star 173-3 Type III Ambulances using the Marysville Fire District 2018 Contract/COE #2018-111 in the amount of \$426,737.73, which includes Washington State sales and MVET taxes.
