DETAILED SUMMARY STATEMENT:

Since late February, 2015, and with the assistance of Beckwith Consulting, an update to the existing parks and recreation comprehensive plan has been in development. The updated plan, to be known as the “Parks, Recreation and Open Space Plan”, is updated on a six year cycle. (The department’s existing comprehensive plan was approved by City Council in May, 2010.) A City Council adopted plan is maintained on file with the Washington State Recreation and Conservation Office (RCO) in order to maintain the City’s grant eligibility with RCO.

This briefing is designed to describe the work completed to date, provide a macro-level summary of comments received from people who have participated in a variety of communication forums, highlight a draft list of projects and categories of projects that will be subject to additional city-wide outreach, and conclude with a listing of the plan’s remaining milestones.

RECOMMENDATION (Exact action requested of Council):

Briefing only, no action requested.
