Section 1. Section 4 of Ordinance No. 1671-89, as amended (EMC 19.4.020), is hereby amended by the addition of the following definitions:

- (a) **“Adaptive reuse”** means the process of reusing a building for a purpose or use other than for which it was built or designed.
- (b) **“Business incubator”** means an organization designed to facilitate the growth and success of entrepreneurial companies through a variety of business support resources and services that could include physical space, capital, coaching, common services, and networking connections.

Section 2. Section 41 of Ordinance No. 1671-89, as amended (EMC 19.41.150), which reads in part as follows:

41.150.E. Notification. Notification for special property use applications shall be provided according to the required review process, as specified in Title 15, Local Project Review Procedures.

F. Review Authority Decisions.

1. Conditions and Restrictions. If the review authority approves a special property use permit, conditions and restrictions may be applied thereto, which exceed the minimum standards required by this title, when necessary to assure that the proposed use complies with all requirements of this title and is compatible with surrounding land uses.
2. Time Limit on Approval. The effective time period in which the applicant may establish the use proposed by an approved special property use permit shall be five years from the date of the written order granting approval of the permit. The written order may specify a

shorter time period if the review authority determines that it is in the public interest to authorize a shorter period of time in which to establish the use. The planning department may authorize one extension of time for a period of not more than one year if it can be found that circumstances beyond the control of the applicant prevented the establishment of the use.

3. Appeals.

- a. Review Process II. The planning director's Review Process II determination may be appealed as provided by Title 15, Local Project Review Procedures.
- b. Review Process III. No administrative appeal is provided for Review Process III decisions.

Is hereby amended to read as follows:

41.150.E. Adaptive Reuse of Non-Residential Buildings in Residential Zones.

1. Purpose. The purpose of this section is to allow for adaptive reuse of non-residential buildings in residential zones that are functionally obsolete in order to improve the economic feasibility of a property by considering uses that are not otherwise permitted, but which, if properly designed and managed, would not create unacceptable impacts on surrounding properties or the immediate vicinity in general. This process differs from the unlisted use process listed in EMC Section 19.02.080 in that uses that are not specifically authorized in the underlying residential zone may be considered using the process described herein.

2. Procedures. Any request to allow a use that is not otherwise permitted in the underlying residential zone shall be processed as a special property use. If the property is in or within 500 feet of a single family residential zone, the application shall be reviewed using Review Process III. If the property is more than 500 feet from a single family residential zone but is in or within 150 feet of a multiple family residential zone, the application shall be reviewed using Review Process II. If the property is outside a historic overlay zone but listed on a historic register or as a contributing structure in a historic register district, the historical commission shall review the proposal and make a recommendation to the hearing examiner using Review Process III.

3. Circumstances. The city may allow a use in a residential zone that is not specifically allowed in that zone if it is necessary to encourage adaptive reuse of a building under the following circumstances:

- a. It is unlikely that the primary building on the subject property could be preserved if only uses permitted in the underlying zone were allowed.
- b. Allowing a different use would enhance the character of the building and immediate vicinity.
- c. The use would not have a detrimental effect upon surrounding properties or the immediate vicinity.

4. Uses. The following uses may be considered for adaptive reuse of an existing building in a residential zone:

- a. Dwelling units. Density based on underlying zoning plus one additional dwelling unit;
- b. Assisted living facilities;
- c. Libraries;

- d. Museums and art galleries;
- e. Social service facilities;
- f. Public services;
- g. Business incubator;
- h. Artist studios;
- i. Music venue;
- j. Cafes and bistros;
- k. Live-work units;
- l. Bed & Breakfast
- m. Other uses not listed above if determined through the review process to be compatible with surrounding properties and the immediate vicinity.

5. Review Criteria. The following criteria shall be used as the basis for determining compatibility with surrounding uses and approving, denying, or conditionally approving a request to allow the adaptive reuse of a non-residential building in a residential zone:

- a. General evaluation criteria of 41.150.C.
- b. The adaptive reuse would promote or aid in the preservation or rehabilitation of the primary building.
- c. No significant adverse impacts to public safety.
- d. Compliance with building and fire codes.
- e. Hours of the day of proposed use or activity.
- f. Proposed management and operational procedures to minimize and mitigate potential impacts.
- g. Expansions to the primary building shall not exceed 10% of the existing footprint or 500 square feet, whichever is greater, and will not detrimentally affect the outside character of the building.
- h. Other factors not specified herein that would create adverse impacts to the immediate vicinity.

6. Any proposal that would adversely affect properties in the immediate vicinity shall be denied. The city shall retain the right to revoke a permit issued under this section that fails to comply with any conditions of approval of said permit, or which operates in a manner inconsistent with representations made in the application, pursuant to EMC Title 1 Chapter 1.20.

F. Notification. Notification for special property use applications shall be provided according to the required review process, as specified in Title 15, Local Project Review Procedures.

G. Review Authority Decisions.

1. Conditions and Restrictions. If the review authority approves a special property use permit, conditions and restrictions may be applied thereto, which exceed the minimum standards required by this title, when necessary to assure that the proposed use complies with all requirements of this title and is compatible with surrounding land uses.

2. Time Limit on Approval. The effective time period in which the applicant may establish the use proposed by an approved special property use permit shall be five years from the date of the written order granting approval of the permit. The written order may specify a shorter time period if the review authority determines that it is in the public interest to authorize a shorter period of time in which to establish the use. The planning department

may authorize one extension of time for a period of not more than one year if it can be found that circumstances beyond the control of the applicant prevented the establishment of the use.

3. Appeals.

- a. Review Process II. The planning director's Review Process II determination may be appealed as provided by Title 15, Local Project Review Procedures.
- b. Review Process III. No administrative appeal is provided for Review Process III decisions.
