Expenditure Required	\$ 419,958	Account Number(s): UT3707, UT3708 Fund 401
Budget Remaining	-0-	
Additional Required	-0-	

DETAILED SUMMARY STATEMENT:

Bid proposals for the Diversion Dam Road Phase 3 Road Reconstruction and Haybecker Creek Culvert Replacement were opened on June 25, 2019, with three (3) bid proposals received for the project. The apparent low bidder, Ponderosa Pacific, Inc., failed to satisfy the supplemental responsibility criteria (that is, experience requirements required in the bid package). Accordingly, staff recommends that Council reject Ponderosa's bid as not responsible. The second low bidder, Weber Construction, Inc., meets the supplemental responsibility criteria. Weber's bid is \$419,958. Staff recommends that Council award the project to Weber.

This project is the final phase of the Diversion Dam Road maintenance projects that were started in 2016. The focus of these projects has been to address drainage, road widening and safety issues. Plans and specifications provide for cutting back a cliff face to allow moving the road away from the eroding outside cliff edge and adding a drainage ditch along the repaired section. The excess rock will be crushed to provide future road surfacing for roads within the Lake Chaplain Tract. The Haybecker Creek Culvert Replacement includes replacing three end of life cycle culvert pipes with chronic blocking issues with one larger culvert while realigning the roadway.

RECOMMENDATION (Exact action requested of Council):

Reject the bid from Ponderosa Pacific Inc. as not responsible and award the construction contract for the Diversion Dam Road Phase 3 Road Reconstruction and Haybecker Creek Culvert Replacement to Weber Construction, Inc. in the amount of \$419,958.

BID SUMMARY

Diversion Dam Road Phase 3

W.O.# UT 3707 & UT 3708

Date 6/25/2019

For: Gael Fisk, Project Engineer

Bidder Name:	Bidder Totals:
