

# SAFESTREETS

March 30, 2016

## **On the air: Safe Streets team to speak on KSER's Sound Living this Friday**

Members of Everett's Safe Streets team, Hil Kaman and David Hall, will be guests on the radio show Sound Living this Friday, April 1, at 4 p.m., on 90.7 KSER.

Topics include how the City is using housing, diversion, and enforcement to address both immediate public safety issues and long-term challenges posed by mental illness, chemical dependency and homelessness. They will also discuss how the public can get involved in the community efforts.

Those interested in calling in to the program can do so at 425-303-9070. To learn more about Sound Living, or to listen to other shows, visit <http://www.kser.org/program/sound-living-0>.
