

Washington State Fusion Center Community Awareness Program

Hosted by
City of Everett Fire - Emergency Management

OVERVIEW
EDUCATION AND REPORTING

Training Opportunities Available

The Washington State Fusion Center (WSFC) is pleased to offer the Community Awareness Program (CAP) as a component of its outreach efforts for community members, special event organizers, volunteer coordinators, and event security managers around the state.

The Community Awareness Program is based on the principle that everyone within a community has a role in keeping their events, communities, and gatherings safe. The CAP provides an overview of terrorist and criminal activity, information and resources on how to recognize and prevent that activity, and basic tools necessary for reporting, while preserving civil rights and civil liberties protected by the United States Constitution.

Course Content

Approximately 30-minute interactive course taught by members from the public safety community. The course is designed to help attendees recognize criminal and terrorism activity. Course topics will provide information to assist with:

- **Recognizing suspicious activity and how to report that activity to local law enforcement.**

Location

Date: June 16, 2018

Time: 10am-Noon or 1:00pm-3:00pm

Venue: Legion Hall at Legion Park - 144 Alverson Blvd, Everett, WA 98201

Registration Link: <https://bit.ly/2I2MzOF>
