ABATEMENT ACKNOWLEDGMENTS: <i>The applicant is responsible for compliance with all local, state, and federal laws, codes, and regulations whether or not described herein. By checking the box next to each abatement type below, I, the owner/applicant, acknowledge my responsibility, agree to the terms and conditions of the requirements, and will abide by the requirements during construction.</i>	
<input type="checkbox"/> <b>Asbestos Abatement:</b> Required in line with Puget Sound Clean Air Agency (PSCAA) <a href="https://psccleanair.gov/">https://psccleanair.gov/</a> . An Asbestos/Demolition Notification must be submitted to PSCAA before any asbestos removal or demolition begins and have the appropriate abatement report documentation on-site during construction.	
<input type="checkbox"/> <b>Lead Paint Abatement:</b> Contact the Snohomish Health District (SHD) <a href="https://www.snohd.org/">https://www.snohd.org/</a> for applicable lead paint abatement requirements.	
<input type="checkbox"/> <b>Rodent Abatement:</b> Proper rodent abatement shall be conducted prior to demolition.	
SITE PLAN REQUIREMENTS: Submit 2 hard copies of site plan showing buildings to be demolished with permit application to Permit Intake Drop Box or attach electronic site plan with permit application if submitting electronically. Plans shall be in separate, compiled pdf, 8.5x11 or 11x17 size. Naming convention: Address_DemoPermitPlans.	

ACKNOWLEDGEMENT: I have reviewed this application and confirm the information contained herein is true and correct. Work done pursuant to this permit must comply with current federal, state, and local law. The granting of a permit only authorizes approved work and no deviations therefrom. Deviations must first be authorized in writing from the Building Official before being authorized under any circumstance. I am the owner, or I am authorized by the owner of this property to perform the work for which application is made, and I comply with the State Contractors Law 18.27 RCW and 296.200A WAC.
