My son did the Jetty Island Sandblasters day camp last year and I wanted to let you guys know what a great job the instructor Carolyn did. Ziggy had a fantastic time and learned so much about plants and animals on the island. We were at the beach last night and he taught his grandparents about how starfish molt and how to tell male and female crabs apart. Then we saw a seal and he made sure we all knew to stay at least 100 yards away. ;)

We also appreciate how affordable the camp was. Keep up the incredible work. We'll be telling everyone we know about Sandblasters!
